Joys, Concerns, & Sympathies

Concerns

Two of our Florida clubs were in the path of Helene when it through their areas, causing a lot of damage. There have not been any reports of injuries or damages to our dancers, ut please keep them in your prayers.

Salty Bobbers in Steinhatchee: Caller: Charlie Pergrossi

High Springs Dance Club in High Springs: Caller Bill Cassidy

Update on **Lenny Newberry**: Lenny is coming along beautifully, especially considering the extent of his stroke. He has to have another stent put in, and he is having PT (physical therapy), OT (occupational therapy), and ST (speech therapy) appointments. It's a process, but we're getting there.

We thank everyone in the dance community for their outpouring of love and prayers for Lenny's recovery. It has done so much to bolster us. Margaret Newberry

mnewberryrounds@yahoo.com

Update on **Dave Vieira**: Dave had a third degree heart block which required a pacemaker. He's being quiet for two weeks and then should be able to start back up! Michele Vieira
