### Photos

The photos are from our trip to Greece and France, with a detour through Brussels, trip we took in the spring of 2010. Today's photos feature Crete's capital city, Heraklion.

The greater area of Heraklion has been continuously inhabited since at least 7000 BCE, making it one of the oldest inhabited regions in Europe. It is also home to the ancient Knossos Palace, a major center of the Minoan civilization dating back to approximately 2000-1350 BCE, often considered Europe's oldest city. The palace is one of the most significant archaeological sites in Greece, second only to the Parthenon in terms of visitor numbers.
