## FROM THE LOFT

It seems that every season is the "busy season" but THIS is really the "BUSY SEASON". The next two months will fly by and we are told that this is really the stressful time of the year. It is another axiom that is proven - with all good comes bad. THE BARN is especially busy this year having added many specials by national callers. We are very proud of the support THE BARN has

received from the local dancers. We know that dancing is an option for you and where you dance is also an option. That you choose THE BARN for your dancing is appreciated. This is not to be construed as an attempt to get dancers to quit supporting their own clubs. We firmly believe that the more clubs and places to dance is not only good for square dancing, but a necessity. Just considering lessons shows the importance of the clubs. We will continue to support all clubs to the best of our ability. Rest assured that we know that what is good for your club is good for THE BARN. Let's continue to work together to expand our great recreational pastime. It will be good for all of us.

This is the month that the Harbor City Squares, the Silver Squares and the Hollywood Squares begin their dancing for the year. We urge all dancers to attend their opening dance and welcome them back to the square dancing fold. You will find information on their opening dances in this issue of THE BARN OWL.

Thanksgiving is here. We have so much to be thankful for; this great country, our families, our friends and our faith. It is the latter that makes possible the joyful remembrances of those that we have seen leave us this last year. We grieve that they are no longer here so we may share their companionship, and we miss them sorely. We grieve with the loss that their families have experienced. We have not forgotten them and know that some day we will again be together. Let's give thanks for a great God who can conquer death!

For all those who would like to have THE BARN OWL delivered to their house, either here or at their summer home, we will take subscriptions for \$10.00 per year. The cost of the publication and the postage comes to over \$7.00 per year after allowing for the few ads we carry. Just call or drop us a line with the necessary information and Linda will add you to the mailing list. We also solicit your comments and suggestions for making THE BARN OWL a publication you are proud of. It is published for you, the dancers. Linda, Earnie and I would like to take this opportunity to wish you all a very Happy Holiday Season.

## NOVEMBER NEWS FROM CANAVERAL SQUARES

We had a great time at our annual Allemande in Autumn Dance, lots of fun and plenty of goodies to eat.

We're looking forward to our Thanksgiving Dance on the 22nd. Joe Fioretti will be joining our own caller, Skip Cleland and a cuer for this special night. We are planning on our usual good food and good dancing. Jean Faulk is coordinating the event again this year and you know what a good job she always does. Flyers and ribbons will be available soon.

We will be starting work on the Christmas floats this month. We'll be working on weekends and in-between too. Details on place and dates will be announced at the dances.

Our club dance is held on Friday nights from 8:00 PM till 10:30 PM ending with a Hot Hash tip at the McClarty Recreation Center in Rockledge on Barton Ave.

Come dance with us.

## **REACH OUT AND TOUCH YOUR NEIGHBOR**

November 1996  
Jerry & Del Reed  
(Rockledge, Florida)

A couple of years ago we discussed this very important subject. We thought this would be a good time to repeat that article. Touching hands is very important for several reasons as we point out below. Please read this and let us know what you think.

One of the most important aspects of square dancing is touching hands. It brings us together and creates a physical bond within the square. This bonding helps enhance the feeling of togetherness and teamwork each time we form a square and to share the joy of "making it" through the choreography. It also helps us get ready for the next sequence if we don't make it. Touching hands is what brings us together as square dancers and is a major reason for the unique nature of this wonderful activity. There are very few moves which do not require touching hands or arms.

Many callers and styling guidelines stress touching hands immediately upon completion of any move. Unfortunately, this smoothness technique is not practiced as often as it could be, primarily because many dancers do not know about it.

The primary reason for touching hands is to keep the square small. This will reduce the amount of walking we need to do and give us more time to do the moves, thus improving smoothness. Improving smoothness will increase our enjoyment of the dancing. Another important reason to touch is to quickly identify the formation we are in. Common formations include lines, ocean-waves, and columns.

Most dancers take their partner's hand, but do not always take the hand of the dancer on the other side. One place where the lack of touching hands is most obvious is when we are in Facing Lines of Four. If the center two dancers in both lines will take hands, the lines will be more compact and our dancing will be smoother. The same is true for Ocean waves, Two-Faced

## NOVEMBER GRAND SQUARES

It is a known fact that square dancers do more traveling than any other social group. Counting, of course, their time on the floor.

Grand Square members are getting in their share. Tom and Marcia Kabaservice will be leaving Saturday, the 12th, for Scotland to tour Aberdeen, Edinburgh, and the Highlands, with a round of golf at St. Andrews and other ancient courses. Since square dancing must have some lineage to Scottish twirling, Tom plans to don his kilt and do a lively promenade left.

Roz Mestre is departing for New York this Friday the 11th for ten days, so Pete needs a dancing partner.

Joan Woodward's children are arriving from Hagerstown, Maryland this week for a short stay, and Dick and Joan will be squiring them to the local attractions.

Thor Geisen's daughter is arriving for celebration of her thirteenth birthday, complete with party and cake.

**Dale and Beth  
YOUNG**

The traveling square dance float was pressed into service for a demonstration at Rhodes Park, Saturday the 19th for another political rally. Recent tie-ins with political affairs have produced a strong interest in square dancing among candidates and their entourage. Colin Walton generously donated his time to show his appreciation for the political process.

Dancers were given a preview of styles for the TACKY TOURIST dance coming up November 9th. If the preview was any gauge, this dance should exhibit more wacky creativity than Halloween. Drag out those ten year old pictures, the polyester pants, orchid-print shirts and mumus, the wide white belts, and bahama hats... and see if you can outdo your square in pure, unabashed tackiness.

*(Continued from page 6)*

Lines, and any other formation. Touching hands by the centers will make moves such as "Centers Trade" much smoother and will improve our execution.

Next time you are dancing try touching hands on both sides, especially in Lines of Four. It may seem strange at first, especially when lines go forward and back, but when we get used to touching, the improvement in smoothness will be tremendous.

During this time when classes are getting started we have a good opportunity to reacquaint ourselves with the many benefits of touching hands on both sides while we are dancing.

Touching hands, TRY IT, YOU WILL LIKE IT!!

Keep smiling and .. see ya in a square..

# SPACE TRACKERS SQUARE DANCE CLUB

**Sherri Hinkley**  
**Space Trackers Reporter**

Here we are again. Another month has gone by and so much has been happening. Grab a cup of coffee and I'll tell you just a little.

On September 9th we started our new classes, and are very pleased with the turn out. The first night we had 22 and now our count is up to 30 to 35 students per class. They seem to be eager to learn and are having a good time.

Our biggest thing this month was our 13 year Anniversary Ball. The color scheme was Black and Silver. We served cake and punch and everyone was dressed in black, white and silver and all the decorations were black and silver. The hall looked great thanks to our decorations

committee. In one square during the night, we had Asa Clark, Pat and Tony Courtney (it was good seeing them), Marty and Jim Perry and our own Phyllis Williams, who were recognized and got a round of applause.

On that same night, talking about applause and years, 12 of our club members will be getting their 10 year pins and 55 will be getting their 5 year pins, as soon as the pins come in. We all understand foul ups with ordering things. A big congratulations to all those members.

We had 2 Banner Raids during the month. We went to visit the Buckles and Bows and the Canaveral Squares came to see us. As always we had a great time both nights.

Last, but by all means not least, on November the 3rd we will be having our Fall Fling. This is the only fund raiser we have and we will be having national caller Dee Dee Dougherty calling. Get your tickets now and don't miss out on a great dance. I am sure that with all the work that is going into it we will have a wonderful time.

Once again I have been going on and on , but the coffee has run out and I must go. Have a great month, take care and see you next month and we'll have another chat on the experiences of the Space Trackers. Bye for now.

## LINE DANCING AT THE BARN

With our regular Line Dancing correspondent, Bette Wityak, on a trip with her husband attending his High School Reunion (won't say how many), I will try to give a little news in her place.

Line dancing has been going well at THE BARN. Glenda has done an outstanding job over the summer. All the feedback I received was very positive. Of course each and every one of you voted your approval each week you attended. I would like some feedback on how many of you would like to have Line Dancing offered at THE BARN on a couple of Saturday nights a month. If there is enough interest we will look for a good DJ for you.

We welcome back Joe and Maggie O'Connell. They returned to their regular class at 10:00 AM on October 16th. It is nice to have Joe and Maggie back in their regular time slot. I do hope that all of you will take time to welcome them back.

Glenda Ortiz has consented to start a Line Dance Class at THE BARN on Thursday at 10:00 - 11:30 AM. With the wide acceptance and the popularity of Line Dancing, we are pleased that THE BARN can offer more of this popular form of dancing.

Again, I thank you all for coming to THE BARN. Linda, Earnie and I welcome all of you and hope that you feel free to bring suggestions to improve our programs. We try to offer an alternative to the "BAR" environment and also bring you the quality of teachers/instructors that are available to you here at THE BARN. Please ask your friends to join you and tell them there is an alternative to the "BAR" environment.

### **Canaveral Squares Late Release!**

Canaveral Squares will be sponsoring a Benefit Dance for Tina Sawhill. Tina is the daughter-in-law of Bruce and Dino Sawhill.

Tina had just graduated from college and was working in a Dr.'s office just 12 days shy of having medical coverage when tragedy struck. A blood clot logged in an inoperable part of her brain. Young Tina had suffered a aneurysm and stroke and her outlook was poor. Through the power of prayer and dedicated physicians, she has been slowly recovering.

Young Bruce Sawhill has been working two jobs as medical bills are staggering.

Please help support the Benefit Dance on Nov. 17th, 7:30 PM - McLarty

# WORD STUDY OF THE WORD

## THANKSGIVING

Last year at Thanksgiving we looked at the word "ALL" as it is presented in Romans 8:28. This year we will look at the word "THANKWORTHY". This word is used only once in the Bible. 1 Peter 2:19.

1 Peter 2:19 "For this is THANKWORTHY, if a man for conscience toward God endure grief, suffering wrongfully."

We are living in an amoral world. More and more we are assailed with the religion of tolerance. Our minds are being bombarded with daily doses of evil. Yet, we are told, there are no standards to cling to. If we say "this is wrong", we are immediately told that there are two ways to look at the issue. What ever happened to "standards"? Are we so amoral that there is no right or wrong? Must we "consider" the someone's rights in every issue and not apply the standard of right and wrong? Has tolerance gone so far as to say there are no absolutes? Is it that much easier to accept wrong doing than to stand up for what is right? Notice the verse above. How many are willing to suffer and endure grief to do and say what is right? Instead, we talk of tolerance and a persons rights. Where is responsibility? What ever happened to accountability?

"THANKWORTHY" Strong's 5485 - New Testament. Of manner or act. The divine influence upon the heart, and its reflection in the life. Acceptable, benefit, favor, gift, joy, pleasure, thank.

Notice that "if a man for conscience toward God" takes an unpopular stand, if a person will say "this is wrong", if a person will say that we have standards and is willing to endure whatever comes as a result of this stand, that joy, pleasure and all sorts of good will come to that individual. If we have no standards, then all must be OK. Can each person do their own thing and not suffer the consequences of his actions? Where can good be if all is acceptable? Where can wrong be if there are no standards? Are there no absolutes? If this be so, then there can be no religion. There can be no Thanksgiving. There can be no government or even families. A family is a basic unit that stands united in their beliefs and holds to a set of standards.

At this time of the year let's examine our hearts and minds to see if we are thankful. Are we willing to bear the standards that God has given? Are we willing to stand up and be counted? Remember Joshua, "As for me and my house, we will serve the Lord".

Have a great Thanksgiving and pray that we will again return to standards.

## WAGON WHEEL SQUARES

ST. CLOUD, FLORIDA

August 30 was our night to enjoy pizza at the end of the dance. This great idea came from Marie Fiske, our activity chairperson. Our guest caller for the night was Colin Walton, who we found in Holopaw standing by the road with his equipment. Peg came on in ahead with the man that towed the car (minus a fan belt) to the garage in St. Cloud. A little while later she came to the dance. That same evening a group from the Allemanders of Satellite Beach came to retrieve their banner, so Colin and Peg got a ride home with one of the couples that live next to them. Colin says if you have to break down on 192 make sure it is in Holopaw and not halfway in between there and Melbourne.

On September 6 we enjoyed the smooth calling of John Saunders (the one Dale calls "good looking"). It was another very enjoyable evening. Of course our own Jan and Pete Shankle cued the rounds both nights,

On September 6 the Buckles and Bows came to retrieve their banner. Jaunita makes sure they have a good group whenever they visit a club. It's always a pleasure to have them visit the club and they are a fun group to dance with.

On September 20 Kiss-a-me Squares came to steal our banner and enjoyed the hot dogs we had also. Tom and Ruth Ann and their helpers sure do a real bang up job in the kitchen and with all those special refreshments.

Last Friday at our dance the "sheriff" caught Ruth Pinkham having fun so the "judge" sentenced her to marry Lionel Arbour. The date is Friday, October 4, 1996 right at our dance. Come join in the fun. (Yes, they really are going to get married that evening at our dance) P.S. They have requested no gifts, please.

Don't forget - October 4 is our first open house so do some friends a big favor and get them introduced to square dancing. They will be forever grateful to you for all the new friends they will be making.

On Saturday, September 28 we will be doing a demo at the Peddlers Flea Market in St. Cloud also to try to interest people in our great activity. Dale will be calling and Jan and Pete will be cueing rounds. Everyone will have a great time so come join us.

Whenever a Friday night rolls around you will find us dancing up a storm at the St. Cloud Senior Center. For a real good time come join us.

The above candidates are the ones that Linda, Earnie and I support. For the most part, they have been to THE BARN seeking our support and have expounded conservative principles. We are not telling you who to vote for. The local publications all will have their picks in trying to get your vote. We can do no less. We must express an opinion so we can have government that expresses our conservative views. Now we know that not all dancers think the same as we. We respect your right to your opinions and your right to work to get the candidates of your choice elected. If you have not formed a firm opinion we ask you to consider the above candidates. We feel they are best suited to carry out the wishes of the people and to represent us rather than PACS or other special interests.

November 5th is election day. Let's all take time to vote. It is our government and as such we need to be accountable for who is placed in the public trust to do our will. If those in office have not done as you expected, then vote them out! It is the one day when our voice can make a difference. There are many important issues that are to be decided in the next few years. These will directly affect not only our standard of living, but our moral conscience as well. Take the time to make your views known. This is a great country and only by doing our civic duty can we assure that we remain a "NATION UNDER GOD" and UNDER HIS MORAL AUTHORITY.

### **MORRIS and ESTHER WILLIAMS**

Morris and Esther Williams grew up in Matton, Illinois. We knew each other as teen agers

as we went to the same church. At the age of 19, in 1958, Morris joined the Army. In March of 1961 Morris was honorably discharged. We met again then and were married on January 13, 1962. We have two daughters and 2 sons. We now have 7 grandchildren.

In 1988, we moved to Florida from Illinois. Esther went to work at Winn Dixie. Morris is working for the City of Melbourne. While Esther was working at Winn Dixie, She had a good friend who asked us to come to THE BARN for an Open House. So on July 11, 1995 we went to THE BARN'S Open House for our first taste of Square Dancing. We really enjoyed the dancing and meeting the nice and friendly people.

Our first lesson was on July 18, 1995 and we have been dancing ever since. We really enjoy square dancing and knowing all the really nice people. We are now dancing with the Grand Squares (caller is Colin Walton) and have started taking Plus lessons on Wednesday with Dale McClary.

## YELLOW ROCKERS NOVEMBER SUNSHINE CORNER

**PAT LUDWICK**  
**Yellow Rockers Reporter**

As I began writing this column and noticing the dates, I realized that Thanksgiving is 50 days away and that there are only 77 days left till Christmas. Last year at this time I had addressed all cards and had done 75% of my shopping. Lordy, Lordy am I late this year!

Our new classes have started and more of the winter residents are returning, so things at The Barn are hopping. Ken Fuller and Louise Green are back dancing. Ken spent the summer at his vaca-

tion home by the water in Maine. Lucky guy, he's got the best of both worlds and oh how I envy him.

My childhood dream was to have a retreat to go to in the summer as my parents & I used to spend our vacations every year in Maine and neighboring New Hampshire and Vermont, and it sure brings back sweet memories of the "good ole days." Seems the older I get the more nostalgic I become.

The Radliff's took a trip to Seattle and then went on a tour to the "Bridges of Madison County". Now they are attending the Balloon Festival in Albuquerque, N. M. and from there they will go to Texas to help their daughter move. They are trying to keep up with the McGowan's who, by the way, went to a Square Dance Jamboree convention in Louisville, Ky.

Tellas & Jean Greene are on a 3 week trip to North Carolina to visit with Jean's mother. The Alcorns have returned from their exciting trip to the "Far East". Phyllis says it is a shopper's paradise in Hong Kong, and she brought back many lovely silk items. Paul and she said they saw so many beautiful places and the Great Wall but it was difficult getting out of the country of China.

Boy, I'm in need of a vacation. Guess all of you have heard about my many misfortunes lately. After 2 broken toilet tanks and a broken main

## ALLEMANDERS

**Donna Noeske**  
Allemander Reporter

It's wonderful to have the winter residents and vacationers from the North back dancing in the area clubs. Dances are now like family reunions as old friends who haven't been seen all summer come walking through the door! One of the great things about square dancing is being able to fit right in and join in the dancing no matter which state one visits. It's a terrific way to become acquainted with folks when in a new place.

This month, the Allemanders will be dancing on the 2nd, 9th, and 16th. The dance begins at 8:00, ends at 10:30, and takes place at the Satellite Beach Civic Center. An ice cream social is planned for Nov. 9<sup>th</sup>. Come along and make a Saturday night sundaes!

The classes precede the dance. Classes run from 6:00 to 8:00.

The student dancers are making wonderful progress, and sometimes they have to steer a red-faced angel in the right direction!

Ray Yon calls the dances, Vince Furtado cues rounds. If you have any questions about dances or class, please call Doug or Lona at 773-6420 or Joe or Carol at 777-8962.

A very happy Thanksgiving to all.

## COLLOIDAL MINERALS

Colloidal Silver

vs.

Pharmaceutical Antibiotics

Interest in Colloidal Silver has increased most recently, probably because illness-causing organisms do not seem to build up a resistance to Colloidal Silver the way they do to pharmaceutical antibiotics. Antibiotics are becoming less effective as resistance to them grows.

The Los Angeles Times states "But in the last decade, a broad resistance to antibiotics has begun to emerge. And because bacteria can transfer genes among themselves, experts only expect the resistance to grow. The potential nightmare is an Andromeda strain, a supermicrobe immune to all antibiotics that could wreak havoc." ("Arsenal of Antibiotics Failing as Resistant Bacteria Develop," October 23, 1994).

An ordinary antibiotic kills perhaps a half dozen different disease organisms, but Colloidal Silver is known to be successful against more than 650 illness-causing microorganisms (bacteria, viruses, fungi). Colloidal Silver can be taken indefinitely because the body does not develop a tolerance to it.

How it Works.....

## NOVEMBER ANNIVERSARIES

Nov. 02 George & Hannelore Woodruff

It's hard to believe that it's time to be writing the November newsletter article. As most of you know I had a serious accident on August 27, which resulted in a broken wrist and hip plus abrasions. I spent a month in the hospital undergoing therapy. I am now doing great, but will just have to hold off on the dancing for awhile.

It's hard to put into words how to express my thanks and appreciation for all

your support during my convalescent period. Your many, many cards, your visits, flowers, and especially your prayers made the pain from my injuries much easier to bear. Miss all of you very much and look forward to dancing in the near future and to be able to give each of you a big Yellow Rock!

**Vona Brown**  
Promenaders reporter

We were all saddened to learn that Harold Wiles passed away on September 27. Prior to his illness, Harold was the Promenaders Round Dance Cuer. He will be sadly missed. Our heartfelt sympathy and

prayers go out to Dot and the family.

Our deepest sympathies are also with John and Genny Edmiston in the loss of their daughter, Michelle Davis, who passed away October 2. Remember them in your prayers. Cards may be mailed to 1296 Dallam Avenue, N.W. Palm Bay, Florida, 32907.

Our Get Well wishes go out to Al Maxwell who had an aneurysm operation.

November promises to be a fun-filled month.

Square dancing classes are in full swing at the Barn. The new dancers meet at 6:30 prior to the dance. Dale McClary is the Caller, assisted by many Club

The presence of Colloidal Silver near a virus, fungi, bacterium or any other single celled pathogen disables its oxygen-metabolism enzyme, its chemical lung, so to say. Within a few minutes, the pathogen suffocates and dies, and is cleared out of the body by the immune, lymphatic and elimination systems. Unlike pharmaceutical antibiotics which destroy beneficial enzymes, Colloidal Silver leaves these tissue-cell enzymes intact, as they are radically different enzymes of primitive single-celled life. Thus Colloidal Silver is absolutely safe for humans, reptiles, plants and all multi-celled living matter.

### Ingesting Colloidal Silver...

Taken orally, the silver solution is absorbed from the mouth into the bloodstream, then transported quickly to the body cells. Swishing the solution under the tongue briefly before swallowing ensures fast absorption. In three to four days the silver will have accumulated in the tissues sufficiently for benefits to begin. Since Colloidal is eliminated by the kidneys, lymph system and bowel after three weeks, a regular daily intake is recommended as a protection against dangerous pathogens.

It is impossible for single-celled germs to mutate into silver-resistant forms, as happens with conventional antibiotics. Also, Colloidal Silver cannot interact or interfere with other medicine being taken. Colloidal Silver is truly a safe, natural remedy for many of mankind's ills.

Changes International Colloidal Silver is produced by the highest grade known to science. This means it is produced by the electrocolloidal / non-chemical method where silver particles and water have been colloided, i.e. dispersed within and bound to each other by an electrical current. The 99.99% pure super-fine silver particles are suspended indefinitely in demineralized water.

### When You Choose Changes International Colloidal Silver You Get:

- ◆ A product produced by the electro-colloidal / non-chemical method. This is the highest grade known to science.
- ◆ A 1-ounce bottle containing de-mineralized water with 99.99% pure micro-fine silver particles in suspension (5ppm).

water pipe and 3 floods here and there, a slight car accident and a contusion of my left foot, I've had it!! I now walk around with a cross in my pocket and my fingers crossed. HA! HA! No fooling....that is true. Kenny Lummel told me he was going to avoid me till that dark cloud of doom that is hovering over me is gone! Thanks, my friend?

As for our get well list.....Anna Bell Ramey has been having a lot of trouble with arthritis in her hips, legs and hands lately and we've missed her at the Barn. Betty Goodrich has been having trouble and not able to dance much with her broken toes. Get better Betty as we miss you. Al Maxwell's surgery went well and he is recuperating after undergoing a serious aneurysm repair. Last night I received a call about our dear winter residents Audrey and Chester Dodge in Mass. Chester has just recuperated from a hernia repair operation & now just getting over pneumonia and Audrey is recuperating after an aortic aneurysm and aortic surgery and will be in Mass. General Hospital for a week or more. Please remember them all in your prayers.

The Yellow Rockers wish to extend their deepest sympathies to Jerry & Del Reed & family and to Jerri Froggatt & family on the death of Jerry's mother and Jerri's husband, Ben, who has been a Yellow Rocker.

If you would like to send any of these people cards or want addresses, please give me a call. Pat Ludwick 723-7090 and keep the news coming. THANKS!

"Not everything that is faced can be changed, but nothing can be changed until it is faced."

"It is better to say thank you and not mean it, than to mean it and not say it."

A POEM BY UNKNOWN AUTHOR

I THINK THAT I SHALL NEVER SEE  
THE DOLLAR THAT I LOANED TO THEE.  
A DOLLAR THAT I COULD HAVE SPENT  
FOR VARIED FORMS OF MERRIMENT;  
THE ONE I LOANED YOU SO GLADLY  
THE SAME ONE WHICH NOW I NEED BADLY;  
FOR WHOSE RETURN I HAD GREAT HOPE,  
JUST LIKE AN OPTIMISTIC DOPE;  
FOR DOLLARS LOANED TO FOLKS LIKE THEE,  
ARE NOT RETURNED TO FOOLS LIKE ME.

On Friday, October 11, 1996, Linda and I started teaching square dancing at the Meadowlane Elementary School. For our first lesson we had 53 students. What an experience! Noise - noise - noise!

On the positive side, the group of 6 graders did seem to have fun and we were well received. We are hopeful that we can get this group to be the start of a youth square dancing club here in Brevard. I have been in touch with Tom Harmon in Lamar, Colorado. Tom and his late wife, Trudy, started the "Denim & Lace" youth group there. Lamar is a small town of 8500 and they have over 750 youth dancers in the Denim & Lace youth club.

We are trying to get this group of 6 graders ready for the Christmas Parade here in Melbourne. Will keep you informed of progress.

## FRIENDS

When I am very old and gray, I'll still remember that great day, When just to please my loving spouse, We went with friends to a stranger's house.

We didn't know what we would find, But the folks we met were good and kind, They said come in, have a seat, There're folks in here you'll want to meet.

We walked with them across the yard; My heart was pounding very hard, And here and now I must confess, I did not walk with eagerness; Cause just ahead and not too far, Was the building built to house their car. We entered through an open door, And stood upon our first dance floor.

Then they introduced us to a man Who smiled and firmly shook our hand. They told us he would be the one Who would help us all have lots of fun.

They surely told the truth all right, We really had a ball that night. So on and on the story goes, And where it stops God only knows.

We've met a lot of folks since then, We've made friendships that will never end. Of all the treasures man can possess; There's one worth more than all the rest. Friends are worth much more than gold, Because they can't be bought or sold.
