## FROM THE LOFT

The Nationals that were held in Indianapolis, Indiana are history. It was a very good and well run National Square and Round Dance Convention. The sound was good, air good, callers good, and all who attended were pleased. There is one thing that always is a downer and I want to address this problem as at all

the Nationals I have attended it has been a downer. I am referring to the Parade of States. This is the last function of the National Convention.

The primary rule of any function is that it builds to a grand finale, an event that makes people want to come back to the next event. Callers, like Jerry Reed, plan to make the last tip a really special tip so the dancers not only stay for the complete dance but leave wanting to come to the next dance. I have always felt that we need to incorporate more of the Amway recruiting methods and now I am convinced that we need to also incorporate more of their philosophy in regard to conventions.

At the Indianapolis Convention I do believe that they out did other conventions in the way they did the Parade of States. Here they get hundreds of the most loyal dancers and assemble them behind curtains so they can not be seen, but neither can they see, and have them stand for over 90 minutes. During this time they have the exhibition groups performing! Can we see them? NO! Are we a happy group standing there waiting to march in the Parade of States? NO! Did I hear (or make) any positive statements during this 90 minutes of standing on a hard concrete floor? NO! Why do we do this? What is the purpose? After standing and wishing we weren't there, we finally march onto the floor of the arena and STAND some more while everybody and the grandkids are introduced, while the Color Guard marches in, while the speeches and awards are made!

This is not the first time I wished I was not there. I don't know why but when Linda asked me to march in I said yes. It was not her fault, it was mine! I hated every minute that I was forced to stand waiting for the Parade to start. Can any good come of this experience? Yes! One is that I will NEVER partake of another Parade of States! What a waste, what a very negative way to end a great convention, or any convention, or any

event. The event that should be the highlight of the entire program only has the dancers wishing they were not where they found themselves. That is what I meant above when I said we need to incorporate some of Amway's convention skills into ours. You attend an Amway event and I assure you that the finale has you waiting to go to the next convention. People are fired up. They are excited! I am afraid we can not say that about the Square Dance Conventions. I have heard too many dancers say the Parade of States is a waste. I think most dancers vote that way by NOT taking part in the parade. What is the purpose of the Parade of States? I have no idea. If it is to recognize the states having the most dancers there, why not just have the states recognized as they stand in the bleachers when their state is called? They could yell and cheer or do whatever. Would not the same thing be accomplished? We could all see the demonstrations too. Maybe the whole last evening program needs to be redone. We should have a program that is exciting. One that ends the convention on a high note.

I am not being critical. The folks who work to bring us these conventions have given nearly 5 years of their time and effort to present these conventions. It is not an easy job. It is getting harder every year as we have fewer dancers to volunteer for the jobs that have to be done. I hate to add to this the fact that our dancers are also getting older. These volunteers have done a great job. I am afraid that the Parade of States is an item that continues through inertia and not because it is something we need or that even adds to the convention experience. Again, I don't mean to be critical but we need to examine this activity and do whatever we can to make the National Convention a real pleasant experience – one we want to return to. By the way, the number of dancers at Indianapolis barely topped 10,000. Another reason to look at anything that hurts the activity.

The 4th of July Picnic and Dance at THE BARN was well received. We had nearly 60 people for the cookout and 6 squares of dancers for the square and round dance. Phyllis Williams did her normal outstanding job in cueing and I thank her. The only negative remark that I heard was that we should have made more tickets available. We limited the tickets to 48 because when I printed them we only had 6 picnic tables. We will do 10 squares for the Labor Day Picnic and Dance which will be held on Labor Day, September 6th. Please see Sharon Calvert or Tom Fontaine for tickets, or you can purchase them at THE BARN. Sharon and Tom have filled the position of marketing our special dances at THE BARN.

We have been very fortunate at filling the Organizational Chart for THE BARN DANCERS with outstanding volunteers. I am sure that many of the groups could use help, so, if you have time and would like to be part of DanceWorld, just get in touch with us here at THE BARN.

*(Continued on page 5)*

*(Continued from page 4)*

We currently have seven special dances at THE BARN each year. These dances are:

New Years Dance (December 31st)

Memorial Dance (First Sunday in February)

Sweat Heart Dance (First Saturday in February – Valentine's Day)

THE BARN'S Anniversary Dance (1st Saturday in April)

Memorial Day (Monday after State Convention)

Labor Day (First Monday in September)

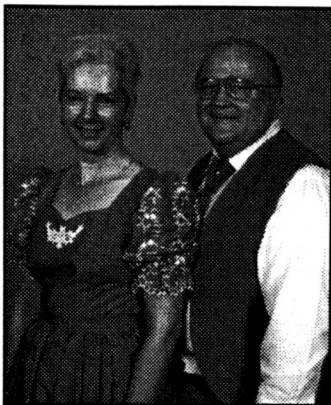

Toys For Tots (varies – depends on the other clubs in Brevard schedule)

We hope that you will mark these dates on your planning calendar. We do plan real special programs for each of these dances. This is the last New Year's Dance this millennium so be sure to get you tickets NOW. Ticket sales are open to all desiring to attend this gala event. I assure you that you will NEVER attend another! We have some very special events scheduled to make this the best New Year ever.

It is that time of year again when clubs will start their annual square dance lessons. If we have waited until this article to start promoting the new classes, we are already behind. We all need to be taking flyers out to the public, getting announcements ready for the radio and print media and talking to everyone we can about the exciting first meeting where we go and BRING someone to the lesson. I know there are lots of folks out there who will give our pastime a try. We have very large turnouts at the 10/10 lessons. I know they are free. So are the first (at least) two weeks of the club lessons. It is simply a matter of going out and letting folks know the opportunity is there to learn square dancing. Can you believe that in less than 40 weeks we have had 27 squares of students come to THE BARN to learn to square dance? They have all said they had a ball and over half of them purchased THE BARN DANCERS badge. I really feel that they will be back in the fall. We have also gotten at least two squares of young dancers involved in square dancing. We meet on Saturday morning and are having good turnout of the young dancers. We have also received good support from some of the regular dancers at THE BARN. Linda and I are optimistic that we will have a group to take to the State Convention next year to dance in the expositions. We will need help in making outfits for them and also in fund raisers to get money to take them. I have been talking to business owners and have received promises of financial help for this group. I have ordered two special tapes to show in the school system to recruit young people. We know that this effort will result in good publicity for square dancing. We are planning a picnic before school starts for the youth dancers. We have the facilities and the support, it can and will happen. I thank all who are supporting the youth effort.

## TRULY DEDICATED FRIENDS

**Jerry & Del  
Reed**

It is with a heavy heart that we write this article. We recently found out that we will be losing the help of a couple of "TRULY DEDICATED FRIENDS". This couple has provided a truly outstanding helping hand to us for the past several years. We will surely miss them as we show up for the Yellow Rockers class, workshop, and club sessions. There are many of you who have benefited from their dedication to providing a helping hand whenever needed. You have also benefited from the unselfish manner they have shown. We are fortunate though, because they are NOT leaving the area, nor are they going to stop dancing. We and square dancing can be very

happy about that.

I still remember when we first started calling for the Yellow Rockers in 1994. **Mel & Rita Grenier** were there, they had recently graduated and were in the very first workshop we had for the club. Since those days **Mel & Rita** have been the class coordinator for the Yellow Rockers. They have been to nearly all the sessions since then. They were there when we drove up to the BARN, they had the lights on, the coffee going, and the snacks on the plate. Rita would collect the money and make sure everybody was signed in. They greeted everyone as they arrived. We will miss them both during the class & work shop sessions. However, we are certainly pleased that we will continue to see them on the dance floor.

They would bring "goodies" to the dances even when there was not a special occasion. They have supported almost all of the clubs which dance in the BARN. They have been on so many banner raids they certainly qualify as "Banner Raid Masters".

To **Mel & Rita** we say a very BIG THANK YOU!!! so much for all you have done over the past few years, we will miss you during those early sessions on Monday nights.

Thank you so much,

Keep Smil'n and we will see you in a square!!!

Linda and I can only add to Jerry's article. When we travel, it is Mel and Rita that make sure all is right at THE BARN. We add our "thank you to Jerry's.

I will be reporting monthly on the results of our fundraising activities. We have a very ambitious project underway. Can we make it happen? How long will it take?

The project is to build a new building that will eventually be able to dance over 100 squares. We will have the ability to have 4 separate halls in the new building with the main hall able to dance over 50 squares on a hard wood floor. This project will be in phases with the building first to be used for a pavilion for the park area and as a youth facility. As money is raised it will allow us to change it into a first class dance hall with full kitchen. Offices will be available for us to market dancing full time to the general public and to bring all clubs together in promoting the dance activity. The total cost of the new dance hall will be approximately one million dollars. We have not raised \$2000. Yet. When we get the first \$100,000 we will be able to pour the concrete, rough in the plumbing and put up the shell of the building. The air conditioning for the 100 x 150 x 20 foot building will cost \$100,000 by itself. We do have big plans for DanceWorld. We want you to be a part of it. Elsewhere in this issue we list the contributors who have given to this project and list the dancers who have volunteered to serve on the steering committee of DanceWorld. Together we can make it happen. One day we will have a ground breaking ceremony to start the new building. Already the land is cleared and \$12,000 spent on fill dirt to raise the foundation a foot above the crown of Minton Road. This is a very large project and will not happen without a lot of support from a lot of dancers. This is our chance to make a real contribution to square dancing and to have our memory live on long after we are dead. A piece of immortality for each of us. What a way to start the new millennium! Please consider this project when ever you plan your finances. Our Fund raising committee will be providing this publication with ideas on how to raise this amount of money.

This has been a lengthy discussion on a number of subjects. I only get to meet you once a month so you will forgive me for being so wordy. I welcome your feedback on the projects we now have under way. Please send them to THE BARN OWL or drop them in the box by the door in the main hall of THE BARN.

## AUGUST CANAVERAL NEWS

Subject: Message from Iver and Mary in Oregon  
Date: Wed, 14 Jul 1999 14:03:32 -0400 (EDT)

**Iver & Mary Duedall**

Dear Square Dance Friends:

We are in Albany, OR, now after having left Melbourne on 4th of July. We drove the truck out to pick up a slide in camper we ordered in January. We get the camper this coming Friday; it was manufactured in Canada and is well insulated and pretty nice.

The truck performed perfectly, getting an average of 16.2 miles/gal; pretty good considering it is a big truck with a big engine (diesel). Diesel prices averaged about \$1.05/gal until we got to

OR where the price went into a step function to \$1.50/gal, with gas prices even higher—a huge concern (more like outrage out here). Told it is worse in CA where we will be next week.

The fourth day on our trip we stopped in Fountain, CO, for a 1.5 day family reunion with Mary's relatives (brother/family, her niece/family) who assembled there via vacation trips as a common meeting spot. It was great, as we had not been with some of the kin folks since about 1985.

In Battle Mountain, NV, we made a surprise visit to an old friend we had not seen since 1962, Dave Blake, a mining geologist now retired. Dave and I commuted together to OSU in the early 60s. In two hours we got caught up on all the really significant happenings (our kids mainly) in our life that occurred since we were last together.

Albany, OR, is where I was born, went to school etc-with Oregon State University (for BS and MS) about 10 miles from here. Albany use to be a lumber town mainly. Now it has a little of everything but the main industry is a HP factory nearby. McDonalds, Taco Bell, Sams etc etc are all here-looking just like 192 in Melbourne. There use to be lots of "Duedall" names in the Albany telephone book; now there is only one, my aunt, 85, who we are staying with. Thus the Duedall name is truly endangered and will probably be extinct in a few years.

We have been visiting friends from the "old days" (the 50s). But there aren't many left as people have either moved away or died.

Yesterday we had a great family picnic at mineral springs park in the Cascade Mountains about 25 miles from here. We used to drink the mineral springs water (then told it was great for health), but there was sign at springs well that said the water is "unpure" for drinking.

# PALM BAY PROMENADERS AUGUST NEWS

**VONA BROWN**

Hello once again from the Palm Bay Promenaders. Hope that your July 4th was a happy & safe one. These are the lazy, hazy days of summer, but after next month we can look forward to an exciting Fall Season, and the return of our northern square dancers. Even though many of our members are on vacation, our attendance is still good. The Promenaders are enjoying their summer dancing with Caller, Dale McClary & , Cuer, Wayne Guice

The Round Dancing classes held each Thursday at 6:00 PM continues to be well attended. Wayne & Bev do a fantastic job in teaching. Early Rounds follows the class before Square dancing. Thursday night is a night of fun for everyone.

The July 4th Picnic & Dance held here at The Barn was great. Food was abundant, and a lot of hearty appetites. Following the Picnic we were in for an evening of fun. Otis Lutz was the Caller and Phyllis Williams was the Cuer. There were 6 squares on the floor. A beautiful 4th of July cake was served and topped off with Ice cream.

Looking ahead: Promenaders; Special Dance -August 19. This will be a Western Night. Chili and Stew will be served. Wear your Western attire.

## **BANNER RAIDS:**

The Allemanders Raided the Promenaders; on June 24. We appreciate these Raids, as this helps the club through the slow months of summer.

Since our Banner Chairmen, Bill & Pat Ludwick have been on vacation for the past month, we have no Banner Raids scheduled at this time.

The Promenaders said a sad goodbye to a Special couple - Tony & Ge-

On the way to the picnic we took a side trip to an 80-acre Douglas fir woodlot up in the mountains that my uncle bought in 1950s for 12000 dollars (now worth in the 7 figures). To get to it we had to climb an old logging road-great test for the truck-no problem make the grade. My uncle, now retired, has been practicing sustainable log harvesting for years although he didn't call it by that name-he just called it common sense. He has a logging company take away only the wind fallen trees every year-this year 23 truck loads were hauled away for making lumber at a local saw mill. He then has douglas fir seedlings planted. The forest service gives him a big capital gains break if he replants. He also has the logging company "thin out" the stand by removing the smaller trees so the bigger ones will grow bigger and faster. I told my uncle I would relay all this information to my students in Global Environmental Problems and Solutions next fall as an example of sustainable forest management by a small owner.

Friday we drive to Coos Bay, OR, a coastal town about 100 miles south of here. Coos Bay is famous for the grounding of the New Carrisa oil tanker in around January-John Windsor followed it closely. Pieces of the hull are still there-its kind of a local saga as the ship wreck seems to come back to the beach after it is towed away a bit. The OR coast is terribly rough and windy. Will go to the beach to take some pictures of what's left of the New Carrisa.

After we get the camper, which "slides-in" on the truck bed, we will travel to WA state to visit more relatives and friends; then we return to OR to Hood River (on the Columbia River Gorge, bordering WA state) to spend a few days with my cousins who are apple farmers (they have huge orchards-nothing but apple trees); will help him move irrigation pipe. Apple trees need a lot of water-the water comes from snow melt on nearby Mt. Hood and feeds thousands of acres of orchards scattered everywhere in the Hood River area. The water is really cheap and only needs "gravity" to get it to the orchards. We were in Hood River last years too and really liked it.

From Hood River we will go back to Albany for a few days, and then to CA to see my brother/family and sister/family and then to So CA to see more of Mary's relatives.

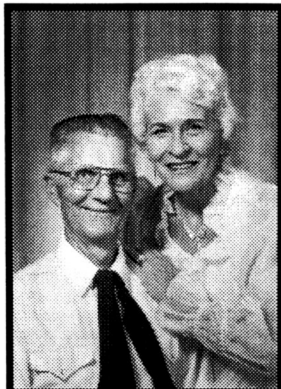

We will send another report in a week or two.

We wish you could see the Pacific Northwest. Obviously it is very different than Florida. The main thing OR and FL have in common is the very rapid growth in population. Many people come here from CA to retire. There use to be a sign on the OR-CA border that said "don't californicate oregon". But the majority of OR people got the smell of that CA money so they welcomed the infusion. Now, of course, the local people can't buy property at a decent price.

## AUGUST Wagon Wheel Squares - St. Cloud

**BETTYLEE & BILL  
TALMADGE**

The Wagon Wheel Square Dancers have been busy getting ready for our 4th of July picnic. President's Howard and Thelma Bitler scoured all of the local stores to get enough hot dogs, hamburgs, and buns to feed our hungry group of dancers.

When we arrived at the St. Cloud Senior Center everything was ready even the food. The grill had been set up on the porch and Howard was already cooking. They had set the tables up inside for our air-conditioned comfort. No outdoor picnic for this gang of 64 dancers and family, we wanted to be comfortable while we socialized.

The additional food that was brought in completed the menu. And the desserts - ah - they were all indescribably delicious. What a feast!

Later our Cuers Jan and Pete Shankle cued some rounds and Royce Arter called a few squares for those wishing to get in a bit of dancing. Our non-

dancing guests enjoyed the "show" that we put on just for them.

The Wagon Wheels have been up to their usual mischief - of raiding. We raided the Allemanders of Satellite Beach with 30 dancers and, of course, we enjoyed their Caller John Saunders and Cuer Vince Furtado. With these two - you can't miss having a fun evening.

We raided the Pirates with 25 dancers, but Jim Louder was not there, but their Guest Caller Bob Bourassa of Brooksville, was lots of fun. We hear he is now a full time Florida resident. We must have been one of the first clubs to hear him since he moved here May first. And our round dancers enjoyed dancing to their Cuer Roy Brown. As usual the Pirates food table was groaning with the huge display of food.

Now with the on-going saga of competition with the Space Trackers. If you don't recall - let me remind you - we visited them with 35 dancers - all dressed in the Wagon Wheel club outfit. We soon heard that they were planning to beat us (in numbers) during their next visit, but we pooh-poohed that idea but we had to eat our words because they visited us with 43 dancers. Where did they get all of these dancers? But they were in

*(Continued on page 15)*

*(Continued from page 14)*

Space Trackers club outfits - so they must have all been Space Trackers.

Within days we heard that the Space Trackers were having a Guest Caller - Ernie Rollen of Middleburg and we know what a great caller he is as we had just had him at our club. So another raid was planned. But with our Winter visitors all still up north, and several of our regular gang on vacation we could only get 30 dancers with one week's notice. But we promise we'll beat their 43 as soon as the rest of our members return from up-north.

And then we raided the Starlight Promenaders of DeBary. This is always an exceptionally fun club to visit. We love the "farewell song" that their dancers never fail to sing to their departing guests. What an adrenalin boost you get when you leave with their song in your ears. Their Caller John Barrett and Cued Roy Brown always have a great program of songs planned for the evening. And John never fails to let each and every dancer know that he is glad you came to dance where he is calling.

Just a word or two to those dancers who did not attend the State and or the National Square and Round Dance Conventions this year. Both of these Conventions were great - you should have been there! Florida had 570 dancers attend the National in Indianapolis.

Square dancing should not be about "your club" only - it should be about the square and round dance movement world-wide. Your loyalty to square dancing and your support of the movement is needed. Make your plans NOW to attend next year's State Convention - always scheduled for the Memorial Day weekend - May 26, 27, 28, 2000. The National Square Dance Convention will be held in Baltimore, Maryland and their dates are June 21, 22, 23, 24, 2000. We hope to see YOU there!!

BettyLee and Bill Talmadge

*(Continued from page 30)*

On Monday September 13 and 20, 1999 at 7:30 PM the lessons are FREE! We want- beginners to come and learn how much fun square dancing can be. Whit Brown, by far and away one of the best teachers in Florida, takes the students through the basics and on through plus moves, all with lots of fun and good humor.

Square Angels (experienced dancers) are on hand to dance with the students and help them learn. The class lasts from September through May, camaraderie and fun multiply and each novice emerges in May a full-fledged dancer!

If you need a refresher course, or know someone who does, this is the way to go! Classes are held at the McLarty Recreation Center, 790 Barton Blvd, Rockledge. For more information call Boyd or Mary McCaul 254-7395.

Our Get Well wishes to the following: Jean Wyckoff has been having a terrible time with Allergies. She & Stan had to return home from a vacation in Arizona due to her illness. She is now feeling better. She dropped in for a visit at the Club a couple of weeks ago. Get well soon, Jean.

Sharon Calvert has been having her share of problems also. She has a herniated Disc which has been giving her a lot of pain. Even with all the pain, she still has that beautiful smile. We miss Sharon & Tom on the dance floor, and are looking forward to their return.

Remember George & Hannalore Woodruff. Send them a card or a telephone call to let them know we're thinking of them.

It sure is nice to see Bill & Jacky Strayer back on the dance floor. Bill is feeling So much better now that they are on a vacation in PA to visit Relatives.

# WORD STUDY OF THE WORD

## THE TEN COMMANDMENTS

1. Do not have any other Gods besides Me
2. Do not worship any graven images
3. Do not take the name of the Lord thy God in vain
4. Remember to keep the Sabbath day holy.
5. Honor your parents so you may live long.
6. Do not kill.
7. Do not commit adultery.
8. Do not steal.
9. Do not give false witness against your neighbor.
10. Do not covet your neighbor's property.

Frightening statistics point to the breakdown of law, moral responsibility and even conscience in our world.

What has gone wrong? What has happened to this enlightened world of ours? We don't have standards any more -- or even feel we should. I believe we need a fixed standard We need goals and limitations, a strong sense of what is right and what is wrong. We need some dependable rules for right living. There is no better starting point for understanding right living than the 10 commandments.

Reasons for Studying the 10 Commandments:

1. To refresh our memory.

The Commandments divide neatly into three sections:

# 1-4 duties we owe to God - teach love for God - teach reverence for God - are vertical – instruct in doctrine

# 5 is the commandment with promise

# 6-10 duties we owe to people - teach love for others - teach respect for others - instruct in ethics

2. To reaffirm the absolutes.

(JUDGES 21:25) "IN THOSE DAYS THERE WAS NO KING IN IS-

NAY, I HAD NOT KNOWN SIN, BUT BY THE LAW: FOR I HAD NOT KNOWN LUST, EXCEPT THE LAW HAD SAID, THOU SHALT NOT COVET. {8} BUT SIN, TAKING OCCASION BY THE COMMANDMENT, WROUGHT IN ME ALL MANNER OF CONCUPISCENCE. **(1 JOHN 5:3) "FOR THIS IS THE LOVE OF GOD, THAT WE KEEP HIS COMMANDMENTS: AND HIS COMMANDMENTS ARE NOT GRIEVOUS."**

Ten laws that God gave to us. Only ten that if all mankind observed we would have heaven now. Which one would you like to repeal? Is there one that is too hard to keep? Or at least respect? I know we have all broken each and every one of them. But, does that make them obsolete? Does that make them less important for the happiness of mankind?

I am of the opinion that these very laws are the ones that The King of Heaven will impose on all who enter into His Kingdom! I do not think that even one will be repealed. These are the laws for eternity. There will be no politician that will be able to present a bill to throw them out. There will be no lawyer that will argue the legality of these laws.

We have more laws on the "books" and still have a lawless society. We have thousands of judges to interpret man's laws and hundred of thousands of lawyers that try to find loop holes in the millions of laws to set their clients free of the consequences of the broken law. These "smart" lawyers may get their clients free of the consequences of societies laws, but there is another plane of existence where the consequences can not be avoided.

What can possibly be wrong with displaying these moral and just laws? If there are laws that other "religions" would like to post, let them be posted. It could not hurt to have some moral guideposts out there for all of us to follow. Certainly would be better than wondering around in the wasteland we are left to wonder in without moral leadership.

## AUGUST YELLOW ROCKERS NEWS

**JIM AND JANE  
HART**

July 4 turned out to be a lovely occasion with the dedication of the new Earnest & Dallas Lutz Park located just west of The Barn. We had a good turn out and Otis cooked hamburgers and hot dogs and had all the trimmings for a really nice picnic. Following the picnic, Otis called a great square dance and Phyllis Williams was the cuer. It is always great to have Phyllis cue.

Otis and Linda have been away for the National Convention followed by a trip to the Wisconsin State Convention where they visited with Linda and Kip Werner and Terry and Jude Zrutskie.

During the hot summer months, we have continued to have four or five squares dancing on Monday evenings. A big thank you to all of our faithful members and officers who come out on Mondays to dance. A special thank you to all who help so much with Yellow Rockers. To Jerry and Del Reed, thank you for always being there. To Rita and Mel for always helping with the class and things in general.

Begin thinking of someone you can invite to come to our Yellow Rockers class beginning in the fall.

We want to wish Connie Plummer and her husband a very happy 50th wedding anniversary. Congratulations to you both.

# ALLEMANDERS AUGUST REPORT

Another year is about to begin for the ALLEMANDERS. Let's make it the best year ever. We are new at this and welcome any suggestions. Please talk to us - with criticism, ideas, or anything else! These folks have volunteered to SUPERVISE their various committees. They have NOT volunteered to do all the work! It is up to every one of us to help out wherever and whenever we can. Give these folks a break -- go to them BEFORE they have to come after you. And they WILL come after YOU!

---

This is so true of all the clubs. We need to make sure that those we elected to lead have someone to lead. They were not elected to do all the work. All activities become fun when we all dive in to do our part.

Do not wait to be asked to sign up for kitchen duty or serve as host and hostesses. Find the sign-up roster and put YOUR name on it. It is a fun activity and will go much easier when all share in the fun.

# DANCEWORLD BUILDING FUND

We have a total of \$1,377.45 in the building fund as of July 15, 1999. We have three people who have signed up for the \$1.00 a day for a year. I have asked these dancers and they have given me permission to use their names. If you make a contribution and do not want your name used, please give us these instructions. There are no contributions to small – and – none to large. We have received a good sum of money in memory of departed loved ones. You can subtract the listed contributions from the total above and see how much has been given in memory of loved ones.

Jack Taylor	— Contributing \$1/day	\$ 80.00
Zoni Taylor	— Contributing \$ 1/day	\$ 80.00
Phyllis Williams	— Contributing \$1/day	\$150.00
Wayne and Fiona Wright	Special gift	\$ 50.00

We have also raised \$96 in sale of raffle tickets for the beautiful quilt that is on display at THE BARN. Our fundraising staff is also planning some special crafts sales and "garage" sales to raise money. We have a real big project ahead but I know we can do it. If you can see your way, and want to be an active part in achieving a world class dance center here in Brevard, please contribute to this building fund. It will be a facility unlike any other and you can be part of making it happen.

## A Note From Pauline Smith

Linda and I received a card from Pauline Smith. She suggested that I reword the note but a note from the heart should not, and can not be changed. Here is her note in its entirety.

Dear Otis and Linda,

Just a short note that my daughter and I arrived at our trailer here in MA. Safe and sound. I'm having a hard time seeing our friends up here, without "Skip", but I'll do my best to get by this hurdle. I try to think of good times and I know "Skip" and I had something special together so that helps me get by. When you print your next BARN OWL, would you please put a "THANK YOU" in it from me and the family?

I want to thank everyone for their condolences and their concern for me, either through donations, food, cards, flowers or just their love. It meant so much to know that so many cared. He was my love and best friend and he thought of each person in the S/D & R/D world was special. He enjoyed what he did for 39 years

Please word the "Thank you" the way you think best. You're good at words.

Thanks again & Be assured I'm doing OK.  
Love, Pauline

## MONDAY NIGHT DANCING

My new found love is Square Dancing.  
Though I never thought it would be.  
I see all those smiling faces.  
All so eager to help me.

Square Dancing is so much fun.  
You get to meet most everyone.  
We dance together as a team,  
With the nicest people I've ever seen.

We join hands and make a big ring.  
Then listen to Jack Taylor sing?  
Now Jack's calling is the very best.  
It's a good workout , then a little rest.

Hurry, Hurry now don't be slow.  
Give them a whirl and watch them go.  
But if we get ahead of Jack's call.  
His outside curve will confuse us all.

It's round and round from side to side.  
Couples are swinging both, high and wide.  
For all of us it's a special date.  
Every Monday night right here until eight.
