FROM THE LOFT

We are happy to include in this issue of THE BARN OWL a tribute to a very active couple in Square Dancing. Jack and Barbara Hoffman worked tirelessly as treasurers for the National Square Dance Convention held in Orlando this year. They are also very active in the CFA, serving as treasurer there. They gave of themselves in the National Kick-off in San Antonio in 1996. They are very active in the Space Trackers Square Dance Club. We salute this couple.

Dance lessons are underway and early reports are not encouraging. The time to plan for next years class is NOW! It must be a year round effort or we will continue to see decline in the number of dancers attending our dances. Start now to see if you can find ways to interest new dancers in our activity. Write down each and every idea that you have. Don't judge them - write them down. We need to elect or appoint a "New Dancers Committee" in each club. Then those folks need to meet monthly during the year and share all ideas written down and brainstorm what can and should be done to recruit new dancers. Don't wait until we see small classes and then do nothing till next September. DO IT NOW!! We can do it if we all do something.

We are happy to see the winter folks returning. That will certainly make the dances more interesting as we welcome old friends. Clubs that shut down in the summer are now starting to gear up for the winter dancing season. We welcome back Barefoot Bay and, next month, the Silver Squares.

October 12th is our Appreciation Dance for Colin and Peggy Walton. We have received many many responses from Callers and Cuers that want to attend and participate at the appreciation dance. We hope all readers will not only come, but ask others to join you at the tribute. We expect an overflow crowd.

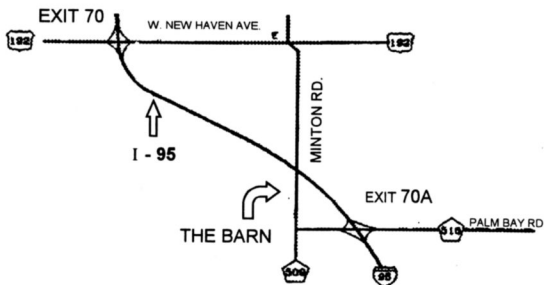

February 8th is our annual Memorial Dance. This dance started as my Dad's birthday dance but is now a memorial dance as a tribute to all dancers who have gone on to be with God. It is still a special dance in honor of my father and many of my family will be down for the weekend. We do hope you will plan to attend this really special and meaningful dance.

Plans have begun for the 2000 New Years Dance. This event could only happen once in a thousand years. We can promise you that you will want to get your tickets early for this one. They will be available early next year. Events will be planned to entertain you most of the day and night. More later on this once in a lifetime event! It will be BIG!!

WORD STUDY OF THE WORD

HAPPY

The word "happy" is used 25 times and "happier" is used 1 time in the whole Bible. The word "happy" has 2 meanings in the Old Testament. The first is "to be straight", to "guide or lead", and to "be honest". The second meaning is to "be secure", "successful" and to "prosper".

In the New Testament it can also mean "fortunate" or "well off". The word "happier" has the same meaning and is used only once in the New Testament.

What does it take to make a person "happy"? Most often we think a person is happy if he or she is rich. We think of health when we think of a person being "happy".

In First Kings, chapter 10, verse 8, we see that people that are in the presence of wisdom are happy. "Happy are thy men, happy are these thy servants, which stand continually before thee, and that hear thy wisdom".

Proverbs 3: 13 states "Happy is the man that findeth wisdom, and the man that getteth understanding".

Proverbs 14: 21: "He that dispiseth his neighbor sinneth; but he that hath mercy on the poor, happy is he".

Job 5: 17: "Behold, happy is the man that God correcteth; therefore despise not the chastening of the Almighty".

In the book of Job we see Job, the richest man on the earth, losing everything he has; wealth, possessions, sons, daughters and all material things. He then losses his health and writes "happy is the man that God correcteth".

The first time the word is used in the Bible is in Genesis and follows the birth of a baby.

Happiness, or the state of being happy, is not due to the lack of, or abundance of money. It is not even the state of ones health that makes us happy. Job had lost his health, yet he said he was happy. King David was very wealthy and the ruler of a great nation, yet he talked of his unhappiness.

Happy is the person that findeth wisdom! Happy is the person that helps those in need. Happy is the person that feareth the Lord. Happiness is a state or position rather than wealth or health. We have all known people that are wealthy but not happy. We have all known people in great health but not

A COWBOY'S VIEW OF REINCARNATION

By Wally McRee

"What is reincarnation?" a cowboy asked his friend.

"Starts," his old pal told him, "When your life comes to its end...."

They comb your hair and wash your neck and clean your fingernails
And put you in a padded box away from life's travails...

Now the box and you goes in a hole that's been dug into the ground -
Reincarnation starts when you're planted beneath that mound...

Them clods melt down - Just like that box and you who is inside -
And that's when you're beginning your transformation ride...

And in a while the grass will grow upon your rendered mound-
Until someday upon that spot a lonely flower is found...

And then a hoss may wonder by and graze upon that flower
That once was you and is now become your vegetative bower...

Well, the flower that the hoss done eat along with his other feed -
Makes bone and fat essential to the steed...

But there's a part that he can't use and it passes through -
And there it lies upon the ground - This thing that once was you...

And if by chance I should pass by and see this on the ground...
I'll stop awhile and I'll ponder at this object that I've found...

And I'll think about reincarnation and life and death and such -
And I'll come away concludin' Why you ain't changed all that much!"

Compliments of Tumbleweed Smith, Big Springs, Tx.

happy. We have all known people sick and poor that were a constant source of strength. We have lived with those who are in constant pain yet bring joy to all they touch. We have all seen the articles on winners of the lottery showing a life that was worse after the winnings than before. Wealth doesn't make happiness. It cannot buy happiness. Happiness comes from doing rather than getting. It is what we do for people that not only makes us happy, but makes those around us happy. Proverbs 16: 20: "and whoso trusteth the Lord, happy is he." Happiness is in the giving - not the receiving!

HOW TO THANK THE CALLER

**Jerry & Del
Reed**

You think your club has the best caller in the area. His/her choreography is interesting. He/she is fun and comfortable to dance to, always patient, and good natured. You wish to show your appreciation, but don't know how.

It's 9:00 PM and there are six squares prancing on the floor. By 9:30 PM only two squares remain. The caller looks about and thinks "What am I doing wrong? Why do so many dancers leave early?" The dance still has another tip to go. By the last tip only three couples remain, and they're the cleanup crew. So the dance ends early.

On the way home, the caller wonders what he/she can do to make the dance more exciting. Do the dancers want more challenge? Or less challenge? Different singing calls? Or maybe he/she is wearing them down. Are the

tips too long? Too short? These and a lot of other things go through his/her head on the way home.

What this caller was experiencing was "dancer runout" (no relation to "dancer burnout") disease. That's the premature outflow of dancers that manifests itself in four groups; (1) those eager to follow the primeval urge to "beat the traffic", (2) those who party with friends somewhere else, (3) those who have to get up early the next day, and (4) older members who run out of breath by the middle of the dance. Some clubs are afflicted more seriously than others. It appears to be contagious, affecting most of the regular members and leaving the guests to fend for themselves at the end of the evening. There is no known cure. For the first group, moving up the quitting time only results in them leaving still earlier, inspiring others to follow suit. A half hour before the end of the dance seems to be the magic number. What they do not seem to realize is they are affecting the performance and self confidence of the caller. If they wish to indicate they did not particularly enjoy the caller's performance, this is the way to do it. On the other hand, if they really wish to show appreciation to the caller, the very best way is to stay for the whole show.

Would you go to a play and leave before the last act? When you leave the dance early, you're cutting out the caller's last act. Most callers plan their programs to have a beginning, middle and end. The last tip is usually meant to be special. It may be a relaxer or a rouser, but always something the

OCTOBER GRAND SQUARES

Here's the latest from the Grand Squares...An Introduction to Square Dancing began September 16th and will continue through September. Beginning classes will start at 7:00 p.m. and any experienced dancers who wish to "angel" are welcomed.

The "Regular Mainstream" dance will begin at 8:30 p.m. and continue with variations until 10:00 p.m. Among the variety you will find is a "Plus Workshop" tip featuring a specific plus figure as well as an occasional "Round Dance...Contra...or even a Line Dance" move. This will be loads of fun and we'll be in for a few surprises from our Caller, the Tiney Limey, Colin Walton.

Colin and Peggy Walton, the Grand Squares and the Barn Dancers Club are promoting a monthly Western Jubilee Dance Party Night one Saturday night in September, December and January. These evenings are for novice, in-between and experienced dancers and will include a variety of "Country Dances...Line, Contra, Round, Waltz and some English surprises. You'll

see the advertisements and we hope you'll come and join us.

**Beth and Dale
YOUNG**

Did you know? Colin and Peggy Walton have been instrumental in introducing over 25 couples who met through Square Dancing and married...the latest is Dick Grannel and Hazel Underwood.

Anyone interested in Computer Classes please contact Otis Lutz. We can upgrade your equipment, train you in the Internet, help you with Windows, Word Processing, Desktop Publishing and sell you new systems. If you have a system, you will be amazed at the power you can upgrade to and at a price that will please you. Today's minimum system should be 4 gig hard drive, 16x CD ROM Drive, Pentium 200 MMX processor with 32 meg RAM. For backup a removable storage device, such as the SyQuest or ZIP drive, is highly recommended. A 38.8 FAX/MODEM is a must if you are going on the WEB. Just call at 676-0927 to express your interest in classes or hardware.

caller thinks he does especially well. The old-time dancers can remember that twenty or so years ago the average dance lasted from 8 till 11 PM and most stayed to the end. Some callers can remember completing the last tip and having the dancers clapping for more. Attitudes seemed different then. I can remember it was customary for dancers to line up after one of these sessions and file past the caller, thanking him for the great time. What has changed? Have the callers changed, the dancers, or maybe square dancing itself?

You don't really have to line up like in the old days and thank him. You don't have to tell him what a great dance he called. All this means nothing if you walk out the door early. If you respect your caller, think he does a fine job, and wish to show your appreciation, stay and dance the last tip. Besides, it's good courtesy

Bye for now and see ya in a square!!!

Rockledge...Hello everyone! While our callers Skip & Jennifer Cleland were away in August we had some nice Friday evening dancing to Guest callers. Also, our cuer, Vince Furtado, came up with some great songs for our round dancers which allowed even the novice round dancers a try on the floor to expand everyone's floor knowledge of round dancing.

On August 15th and 29th we enjoyed some fine callin' by guest caller Rick Yates of Deland, even doing a six couple square which added a great variation to our dancin' evening. We always enjoy his visits to Rockledge. On August 22nd we had the

pleasure to dance to John Saunders of New Smyrna Beach leading some of us to travel to hear him call again at the Knothead Convention in Lakeland over the Labor Day Weekend.

Ah, what fun we had August 19th, on a banner retrieval in Kissimmee at The Buckles & Bows Shady Lane hall. Dancing to their callers Jean and Don Gaskins and Jan and Pete Schankle cue's, made for a fun evening and one we'll repeat in the Fall.

By the time you read this our September 19th hillbilly Dance will have been raided by the Yellow Rockers who helped us spice up our summer evening dance. Cooler temps will make our October evenings filled with great dancing.

We had so many fine first-time dancers from around the area visit the Canaveral Squares during the summer months. We'll be looking forward to enjoying more evenings dancing with them in the Fall.

LOOKING AHEAD-SPECIAL DANCES: October 31st. This year we dance on Halloween night which will have everyone in the festive mood for our Halloween Dance & Costume Contest. So finish the final touches on those costumes and come dance the night away. It's always amazing to see the costumes our fellow dancers show up wearing. See you in your wacky costumes! Flyers and ribbons will be available soon for our annual Thanks-giving Dance November 21st. The McLarty Park Recreation center's new kitchen is going to allow us to add a larger variety of delicious dishes for this festive night. **LOOKING AHEAD - CLASSES:** Our cuer, Vince Furtado, plans to start a Round Dance class, with his wife Camille assisting, Thursday evenings, starting October 2nd from 7:00 - 9:00 p.m., for Phases II, III and

SPACE TRACKERS

**Duke & Doris

A sure sign of Fall.....New Class of dancers.....enjoying first couple of sessions, FREE on the 8th and 15th NOW.....they are off and having FUN as their instructor (Whit Brown) maneuvers their fertile intellect to distinguish right from left (something we [ourselves] have not completely mastered). But,.... part and parcel of the FUN in dancing, is the ability to not take ourselves too seriously: laughing at ourselves, as we encourage others to greater excellence!

We often questioned the lack of participation by recent graduates, forgetting they may have left the FUN of dancing back in their

class hours. Something to think about, huh? A new year is a gift toward reaching new heights.

The Trackers have begun welcoming back "our friends from the north". We year - round Floridians are always happy to renew old acquaintances, as you fill that spot in the square. We look forward to the FUN and FELLOWSHIP we always share together during the upcoming months. One day soon you, like us before you, will decide to make the Space Coast your year 'round home, with occasional visits to your family and friends "up yonder".

The annual "Fall Fling" will be another Happy Time. Chairmen Jack and Miki Krimmel plan an outstanding special dance in presenting Mac McCall and Phyllis Williams who will call and cue the evening away. Giff and Shirley Crippen will add a much anticipated touch, with the presentation of a 'really r fun' After Party (no dancing... just FUN) at the Ramada Inn (Headquarters Hotel). Make those plans now for the October 25th. You can spend a night away from home at the Ramada for \$39 bucks.

Our anniversary Dance (better known as the "Black, White and Silver Ball") was an occasion to look back from whence we came. My, how time flies when you're having FUN! Just does not seem that long ago, when a group of youngsters (in their 40's and 50's) decided there was a need for a new Square Dance Club to dance in the Rockledge area on a Saturday Nite. Did you know this group of pioneers were a part of the nucleus that 'formed' the Martin Anderson Center (down the street), before "The Space Trackers" relocated to the McLarty Center! That handful of

dancers now numbers one hundred eighty-two in our Square Dance Family, and still growing!

There is 'much on our plate' in the future as plans for "Our Picnic In The Park", "The Annual Scavenger Hunt", The Thanksgiving Banquet, The Christmas Social, and Nubar's "Annual Fish Fry" move forward.....,and you wondered why the words FUN and SPACE TRACKERS are synonymous.

Finally, would be remiss if did not mention the revival of great evening in January as the Space Trackers present the Red Boot Boys", but more on this happening next month. 'Til then "Happy Dancing", always the operative word is F-U-N!

WAGON WHEEL SQUARES

**Carol & Royce
Arter**

St.Cloud, Florida

We are all looking forward to October, when the snowbirds are returning and we can enjoy the cooler weather of beautiful Florida.

Our Caller, Dale McClary, will be gone for a week or so at English Mountain near Gatlinburg, TN but when he returns we'll get back into full swing again, with Open House, October 17, for new class dancers, and a garage and bake sale the next day with demonstrations to show others what we enjoy about square dancing. Come join us - as they say, one man's trash is another man's treasure. Classes will be free for beginners the first three weeks. We'd love to make Dale eat his words and take the Club out to dinner (at McDonalds?) if we meet his quota!

Our September Special dance was hotdog night. On October 17 it's salad night. Come join us for a low calorie (for a change) night of fun and refreshments. We dance Friday night at the Senior Center in St. Cloud, with Dale McClary as our Caller and Pete and Jan Shankle on rounds.

(Continued from page 9)

Easy IV's. If you know of anyone who would like to learn round dancing, please inform Vince or Camille Furtado at 407-727-1254. They are hoping enough couples will sign up for the class, so do give them a call to check in and to receive last minute details. Skip's BASIC class is going to be scheduled in January.

LOOKING AHEAD-CLUB DANCING RAIDS: Don't forget to sign up for those raids scheduled in October and November. It's always nice to have an opportunity to enjoy an evening of dancing with our group at another host club site. Watch for our raiders around Central Florida this fall!

Jean and Cecil appreciate the team effort displayed each week when you folks contribute such delicious snacks and help in the kitchen. Remember, we are back to our regular hours of 8:00 - 10:00 p.m. ending the evening with a Hot Hash tip. We would love to have you all explore the world of square and round dancing fun and friendship in the cool comfort of McLarty Park Recreation Center on Friday nights with us!

OCTOBER NEWS FOR ALLEMANDERS

ALLEN & JANET ADEN

Sorry I missed the Sept. issue, but Allen & I were in S. Carolina whitewater rafting on the Chattanooga River (sec. III & IV), plus Square Dancing with the Greenville Starlighters & the Seneca Paws 'n Taws. Sure had a great time doing both activities.

Well, it's that time of year again - new classes. Ours are starting on Oct. 11 - 6:00 to

8:00 PM. We had some of the students from last year's class become members: Lois Feiss, Bonnie Lathen, Tom & Eivor Brown, Jim & Linda Conn and Chris & Ann Zook. Welcome. Welcome. Welcome.

Have heard reports of good crowds & response when John Saunders (our new caller) was with us in August. We sure look forward to he & his wife being with us full time after fulfilling previous commitments. However, in his absence we are always blessed having Skip & Jennifer Cleland, Jerry & Del Reed and Dale & Carolyn McClary with us. Thanks so much for helping us out.

Special nights in Oct. are General Meeting and Convention Memories on the 4th; first free night of dancing for lessons and pie night on the 11th; and a Halloween dance on the 25th.

By the time you read this we will have put on a demo at Trinity Towers and helped Skip celebrate his birthday at Canaveral Squares. Hope you have a great year!

Did you know that a Club Newsletter is essential for successful club operations? Each club submitting articles for THE BARN OWL can meet this important requirement by submitting your information. We do not edit your submissions and your information will go to all clubs in Brevard and to other clubs in the Central Florida Association. Information on special dances, raids and retrievals, club members, classes and community dances should be included in your articles. YELLOW ROCKERS OCTOBER SUNSHINE CORNER

Bill and Pat are off on their month long vacation. I am certain that we all miss Pat's informative and witty column. We did not have anyone to step forward and fill in for Pat so in Pat's column we will just have to fill in with some other stuff. Be sure and tell Pat how much you missed her column when she returns. I should have had her send some of Pat's Wit from the road. I am certain that that would have been very entertaining.

We still have the Thursday Morning Breakfasts for those who enjoy meeting and talking with fellow square dancers. I am certain that we do much more talking than eating. During the summer months we have been meeting at Colossus on Wickham Road - up near Sarno (just south by the light at Scientific Atlanta). We are fortunate to have had Paul and Marguerite Winters meet us there a few times. As you know, Paul has been very ill fighting cancer. We certainly enjoy their company. If you want to talk more

than eat, meet us for the Thursday Breakfast. I know you will enjoy the fellowship.

PAT LUDWICK
Yellow Rockers Reporter

Classes are due to start this month for the Palm Bay Promenaders. We need to have a class this year. It is TIME to get some folks there for our open house scheduled for Oct. 16th. Please make every effort to get someone there and make sure you are there to welcome those who do come out for classes (even if you don't bring someone yourself).

Classes are underway at the Yellow Rockers. It is not a huge class but we did have 3 squares on the floor and all had a great time. It is not too late to expand this class so let's get busy here too.

We all expect to see the return of some of the Snowbirds this month. You can watch the weather map in the newspaper and see that it is about that time of the year when the cool nights are replaced with cold nights and cool days. We will be entering the great time of the year in Florida in the next few weeks, so the snowbirds will be coming home to roost.

We are very disappointed that our WEB PAGE is so late in coming on line. Every time I check on the progress I am assured that it is imminent. I am sure that many folks will use our home page to keep up with happenings at THE BARN. I guess that we shouldn't have paid for the site until AFTER it was up and running. I should have known better. Shame on me.

GIVE TO GET

No person was ever honored for what he received. Honor has been the reward for what he gave. - Calvin Coolidge

Leadership is learning to give whether you get anything or not. If you ever give something to get something, you are NOT giving, you are trading!

How much are the leaders of square dancing giving? How many who were elected to office thanked those who voted for you? What a joke! Most people take office because they are drafted into the office. They feel that the club ought to thank them for taking the job. Could that be what is wrong with square dancing?

Linda and I are the Sew and Save chairman for the 1999 State Convention and we are looking for folks to help on this project. We need all sort of talent. We need greeters, decorators, models, demonstrators and stuff I don't even know about. If you would like to be part of the 99 convention, come to our next meeting on Saturday, October 4th 10:00 AM at THE BARN. We hope that many of you will join us on this project. The SEW & SAVE clinic will have a complete hall for us to utilize.

We have received many contributions to the the Advertisement fund. To date we have received \$1121.72 in donations and have spent \$3652.76. \$400.00 went to the purchase of the float, \$515.00 to the National Directory, \$50.00 to Bow & Swing, \$535.36 for tee shirts and \$1887.40 for billboard advertisement. In addition, we have spent many hundreds of dollars in brochures advertising square dance lessons. Has this money been productive? It is seldom that one can measure the result of advertisement immediately. A single ad is generally useless. We have billboards that will be in various locations around S. Brevard for the next year. After this run we will know whether this form of advertisement works.

NATURAL ALTERNATIVES TO OVER THE COUNTER AND PRESCRIPTION DRUGS

IMPORTANT: PLEASE READ

The information in this article is intended to increase your knowledge about natural remedies and by no means is intended to diagnose or treat an individual's health problems or ailments. The information given is not medical advice nor is it presented as a course of personalized treatment. There may be risks involved in connection with some of the natural remedies suggested in these articles, just as there may be risks involved in connection with prescription drugs. Therefore, before starting any type of natural remedy or medical treatment, or before discontinuing any course of medical treatment you may now be undergoing, you should consult your own health-care practitioner.

Guaranteed Potency Herbs

We have published a great deal on Natural Products that will heal your body and, more important, keep it from getting sick. With the rise in interest in these natural products everyone is "getting on the bandwagon". Linda and I get many, many letters from "health Doctors" proclaiming the curing properties of the natural products. We now see entire grocery shelves and drug stores devoted to these products. This month we want to alert you to some of the practices we see in this field of Natural Health.

There are now more visits to people practicing natural cures for the body than there are to the traditional medical practitioner. This movement has been brought about because the scientific evidence of the powers of natural herbs has been proven. But, and this is vital, there are many companies that use this research and scientific evidence to sell their products. It is this misuse of information that we will address this month.

There are two terms that you will see on each and every natural product for sale. They are:

Standardized and guaranteed potency.

Standardized herbs are extracts which are guaranteed by the manufacturer to contain a specific amount of a certain constituent or constituents. There is no way of knowing if the product you are buying contains active and useful ingredients!

Guaranteed Potency Herbs, on the other hand, are standardized extracts with proven ACTIVE ingredients. Repeated quality control insures that these herbs have the following:

- 1) a specified amount of the desired constituents are present.
- 2) the constituents are ACTIVE.

How great it is to be back dancing once again, and to get all those long overdue Yellow Rocks. I sure missed all of you. Thanks for the warm welcome back that was extended to me by everyone. Once again, I wish to express my thanks and appreciation for the loving concern and especially your prayers that helped me through a very difficult time. A special thanks to D. J. Mitchell, who so graciously filled in for me by writing this article the past few months. She did a great job in reporting a variety of interesting articles. It was very much appreciated.

Congratulations to DICK GRANNELL & HAZEL UNOERWOOD on their marriage on August 30th. Both are members of the Palm Bay Promenaders, and met at a Promenaders dance. We wish them much joy and happiness as they began a new life

together.

AN UPDATE ON OUR GET WELL LIST....CARL NOREN is doing very well after his Heart bypass surgery. Eileen reports that the Dr. gave him the O.K to try just a little square dancing, so hopefully we will soon see them back dancing. Great News!

GEORGE WOODRUFF continues to recuperate at home after his Stroke. Progress has been slow, but Hannalore reports that he has had no seizures lately. Hopefully the Dr. has made the medication adjustment and the seizures will not return. Both George and Hannalore need our prayers and support. Let them know you care. They love visitors, calls, and cards. I admire them both so much, as they have kept their sense of humor and remain in good spirits throughout this difficult time for them.

DOMINIC MALLOZZI is at home recuperating from Lung surgery. This was a very serious operation. Dominic was the Promenaders Cuer from 1984 to March 1996 until his retirement. Talked with Olivia the other day and she reports that he is still in a lot of pain, and has to sleep in an upright position. She asked for your prayers. Cards may be sent to: 409 Avocado Dr., Barefoot Bay, FL 32976.

I know of Doctors selling Sawberry for over \$50.00 for a months supply. You can get the guaranteed potency sawberry for as little as \$20.00 per month. An excellent place to go and know that you are getting a "good" and "effective" product is NatureWorks (these folks advertise in THE BARN OWL and have on staff folks who are knowledgeable in herbs and can advise you on what is best for you).

None of us has a single problem. A different herb or vitamin is needed for each specific problem. The question arises, "Can I take more than one herb at the same time?" The answer is "yes". A wonderful thing about natural herbs is that the actions of an herb improve when two or more of them are taken together. What a difference from chemicals that you are prescribed. There are no inter-action warnings on nature! In fact, synergism takes place with natural herbs. The positive effects of one improves when two or more are taken. Sometimes the effects of different herbs overlap - that is, share the same target. Thus the effect is greater than when only one is taken.

The potency of guaranteed herbs varies. Studies have revealed the minimum amount of potency necessary to be effective. You should read the individual studies to find out the potency required.

By "doing your homework" you will know what you are getting and what effect you will have on your "problem". You will realize the advantages of herbal treatment over toxic drugs. You will take charge of your own health. You will save much needless suffering and expense by knowing the natural way to health.

Remember, rattle snake venom is 97% protein. It is NOT a great way to get your protein. Medicine derived from chemicals has much the same effect on your body as a snake bite, they will kill you. Drug companies continue to develop and sell imitations of plant constituents because herbs in their natural state cannot be patented. Remember, the natural remedy is safer and more effective than the isolated compounds derived by the drug companies. Natural remedies do not become ineffective with use.

If you want specific information on an herb, or have a problem that you want research on, please send your request to THE BARN OWL, or contact NatureWorks. There are many places available to you to get information on natural health. The Internet is a vast store house of information - all free.

Take charge of your health. It is cheaper and better.

The August 30th CFA 5th Saturday Dance at Flagler Beach was a rousing success. With a good turn out and great calling & cueing by Jim Louder and Wayne Guice, it was an enjoyable affair. A special highlight of the night was the official recognition and designation of the CFA Couple of the Year. Who should it be but the Space Trackers' own Jack and Barbara Hoffman!!! Congratulations, Jack and Barbara. That is an honor you have truly earned for your unstinting efforts not only for the Space Trackers, but for your continuous labors for the CFA and Florida's State and National Conventions. In Navy Parlane, "Well Done!"

For you members who haven't heard, our Blood Bank VPs, Jim and Jan McConnaha assure us that our CFA account is in good order with well over 200 units in stock. For you non-CFA members, this could be another good reason to join the CFA, since members and their immediate families are eligible to draw from this account free of charge to whatever extent necessary. That's a good deal and could be a life saver. Check with Jim or Jan for any particulars.

Well, the next CFA 5th Saturday Dance will be held at the Venetian Center in Leesburg on November 29th. Jack Naylor will be the Caller and Jack Jenkins the Cuer. Here's your chance to win big with a pair of Jacks. BE THERE!!

LINE DANCING AT THE BARN

BETTE WITYAK

Line dancers at THE BARN are now privileged to participate in 3 mornings classes a week, from 10 - 11:30. Ed teaches on Tuesday mornings now. He wants everyone to come out and be happy dancing! Please support Glenda on Wed. and Thurs. mornings as well. He's grateful to her for getting him back to line dancing during her recovery from her back surgery. We are too. Glenda is happy to be back full time Wed. and Thurs. mornings. She says lots of new dances are coming up. She is keeping on the slower side for her Wed. Classes. She says her Thurs. class moves a little faster, and she taught them "Country Rock & Roll Waltz" recently. It's a great waltz, with attitude. So,

watch out for it, and be ready to Rock and Roll! "Black Coffee" is still a hot number for all classes, and "Dancing With You" touches everyone lovingly!

Hope you caught Claudette and her tour group on TNN at 9:00 AM or 2 PM on September 12th. Likewise Jean's tour group appeared on Club Dance at the same times on Sept. 26th. What a great experience for you two dancers.

Happy birthday to our Angel on October 12th. She's celebrating with her mother at the King Center with her favorite 5 of the season. They wrote letters to Loretta Lynn and Lorrie Morgan and look forward to their performances. The movie "Jungle Book", Glenn Cambell and Chubby Checkers round out her choices. Have fun!

Keep those dancing feet busy, and join us at THE BARN!

Dancingly Yours,

Bette Wityak

OPEN HOUSE for beginning square dance classes will be on Oct. 16th and 23rd 6:30-8 PM. let's all work very hard to get a good class going. Remember Dale promised a big steak dinner if we get a big class. No Hamburgers Dale. Open house will be free, also refreshments. For further info, call 254-0150, or 728-8516.

WAYNE GUICE'S class for beginning Round dancing will start Oct. 2nd from 3-5 PM. His introduction to Phase III workshop will start on Wed. Oct. 1st at the Dance Center, 678 Wickham Rd., from 6:30-8 PM. So come on out and join the fun!

Bill and Pat Ludwick left Sept. 1st for a much deserved vacation. They plan to stop in Branson, Mo., then on to Arizona to visit Bill's Mom. Bill & Pat, our Treasurers, have also been filling in as Banner chairman these past few months. We appreciate all the hard work and effort you both give to our club.

Edwin and Dorothy Braski have returned home after traveling for 3 months in Mich., Tenn., and Camden, NJ. We hope to see them back on the dance floor soon. We missed them.
