## FROM THE LOFT

Linda and I want to take this opportunity to wish each and everyone of you a very Happy Thanksgiving.

We are very THANKFUL that the SPACE TRACKERS have over 40 new students in their FALL CLASS!! We KNOW it did not happen by itself and that it was the result of a lot of hard

work by a lot of people with the very effective leadership of the club officers! All the clubs can take a very profitable lesson from the Space Trackers! Congratulations Space Trackers!

Did you know that the Space Coast now has an organization for the area callers? It is the East Coast Callers Association. What does that mean to you, the dancers? The ECCA works to coordinate the new dancers dances. It also works with the clubs on their special dances like the Christmas Angel Dances, the Toys for Tots Dances, and the really popular, All Brevard Square and Round Dancers Spring Picnic. Some of the less visible activities that contribute to the dancers are the training sessions that are provided to the local callers. Another activity that contributes to square dancing is the effort that the ECCA makes in promoting square dancing with lessons and advertisement. Presidents of the local clubs and other interested parties are invited to attend our meetings. They are scheduled at THE BARN at 10:00 on the 4th Saturday of the month. The ECCA applied for membership in the Florida Callers Association and has been accepted. It is this organization that works so hard for, at no cost, the State Conventions. While the Central Florida Association (CFA), works every 5 years to present the State Convention, the FCA works every year to make certain that the dancers have outstanding callers at all of the State Conventions. Dancers may not realize the fact that the callers receive no monies for their work at the convention and also buy their ribbon like any other dancer. Did you know that all dancers working at the State Convention give of their time and effort to the State Convention. This is also true of the National Conventions. State and National Conventions would not be possible without the efforts of the volunteer callers and working dancers. Remember this when you are asked to buy a ribbon to the conventions. It is the least we can do to support the efforts of all the volunteers. One of the worse excuses we can give is, "I don't know if I'll be here for that dance". Volunteers work for four years to see that the event will take place. Please do your part and buy your ribbons early for the

Linda and I spend much time in publishing the BARN OWL. We are responsible for the content of this magazine. When I published the article calling for Bill Clinton to resign, we were not sure what the response would be. We did receive the one letter that objected to the article and we published that letter. By and large the feedback was very supportive and we even received requests to use the article in other publications. We also receive many comments on the "Word Study of the Word" articles we publish monthly. Most of the comments are very favorable. We do not publish these studies to promote any religion. We publish them to promote the study of THE WORD. We do not think any religion has the "keys to heaven". They are all "right" and they are all "wrong". I do not think that any religion has the right to tell other people how to live any more than I think the government has the right to tell other governments how they should act (or believe). We thank you for the feedback you give us. The articles on COMPUTERS is a result of the feedback. If we get no feedback on the COMPUTERS we will drop these articles. We solicit articles from our readers and will publish such articles that are of interest to our readers. Each month the BARN OWL loses money. Your donations are greatly appreciated. Each little BARN OWL costs us nearly 30 cents. Supporters such as Stan Crowhurst and Margaret Bonneville, who have contributed greatly, make the BARN OWL possible. We limit the advertisement so that we can put in the articles we now have in the BARN OWL.

On Wednesday, November 11th, there is a Holiday Dance at THE BARN. This is an ECCA sponsored dance that is an effort to introduce new folks into square dancing. It will be conducted as a Community Dance Program. The purpose is to get new folks into our square dance classes. A plan is being formulated where classes will be taught on Tuesday and Wednesday evenings to get folks into the Mainstream Program. The goal is to have enough folks in this program whereby the Plus Clubs could draw their students from this program and have two Plus classes a year. The new dancers classes will start every 10 – 12 weeks and provide for many more opportunities for folks to start square dance lessons. We hope to have success in the community dance program and schedule a dance every month or so.

For those who have visited THE BARN lately and visited Memorial Hall, you will notice many new names on the memorial plaque. It is our way of honoring the square dancers who have passed on to be with the Lord. In February we will again hold the Memorial Dance. The dance is February 7th this year from 2:00 to 4:00 and we have Mac McCall joining the regular callers at THE BARN this year. It is a ticketed dance as we need to know how much food to prepare. That is all for this month. See you in a square. Otis and Linda Lutz

# NATURAL ALTERNATIVES TO OVER THE COUNTER AND PRESCRIPTION DRUGS

This month I am responding to a request from one of our dancers, Roberta Ballard of Barefoot Bay. She has written that she is the local representative for "The Living Bank". I think it is a very worthwhile cause, and like giving blood, saves lives. I give blood every 8 weeks and it is something I do because it saves lives. Linda and I both have filled out an Organ Donor Card. Giving blood is nearly painless. You feel a slight prick, and I am sure that organ donation is even more painless. Here is the information on Organ Donation.

## ORGAN DONATION PROCESS

The process of organ donation is usually a tragic one. At one moment there is a vibrant, thriving member of a family, the next minute, a loss that will affect everyone that person touched for the rest of their lives.

This is a story of how one person touched more than twenty lives, and spread the love of his family across North America.

Although the persons and events in this story are fictitious, this is the process of giving life to others.

## Injury

On September 14th, 1995, Roy was a father of three girls in a country neighborhood outside of Houston. His career and family were the driving factor in Roy's life as he worked as an accountant for a chain of auto parts stores.

## COMMUNITY DANCES

Fun For All  
Jerry & Del Reed  
Rockledge, Florida

**Jerry & Del  
Reed**

During the September 1998 meeting of the East Coast Callers Association (ECCA) there was a discussion of how we might help recruit more new dancers. All agreed this was a major issue and one which will bring more new dancers into square dancing. One of the things many people have been saying is that it takes too long to get new dancers into the activity. This issue has been discussed by dancer and caller groups for a long time now. One way to get people into the activity is to interest them in dancing and to show them that square dancing is NOT SQUARE and is not like they may remember it from their school days.

The approach the members of the ECCA have taken is to plan several "Community Dance" events. These events are intended to bring modern western square dancing to non-dancers. The first of these events is scheduled for Wednesday November 11, 1998 at The Barn. The idea is to provide a fun filled evening to introduce non-dancers to our activity. We plan to include square dancing, line dancing, contra, and mixers. Our primary purpose is to bring square dancing to new people. Our goal is to establish a continuing series of these dances.

We believe that if we can bring people and square dancing together in a positive light many will become interested and will continue to attend these "Community Dance" events. We are planning them so that people could attend occasionally and still have a good time and be "dancers". We also believe that at least some of these people will become interested in learning more and will join a class and eventually will join one of the clubs in this area.

We have made a commitment of talent, money, and time to this project and are now asking for the support of square dancers throughout the Space Coast area. Please think about attending these dances and bringing a friend. The advantage here is that they do not have to commit to any long

Today seemed normal except for the tension headache that Roy was unable to shake throughout the day. While in the yard, Roy fell to his knees and became unconscious. Roy's wife Karen ran to his side and told the oldest daughter to call for an ambulance.

### **The Rescue**

Paramedics arrived and called for a Life Flight Helicopter to rush Roy to Hermann Hospital. The flight team had no response from Roy while in transit.

In one hour Roy's condition became critical. Roy had stopped breathing on his own and was placed on a respirator to completely support his breathing.

A CAT scan revealed that Roy was suffering from a tumor in his brain that was inoperable and had grown to encompass the pons, a structure of the brain that controls breathing and endocrine functions of the human body. Roy never spoke to Karen again. His body lay in the Intensive Care Unit, his heart beating, warm and lifelike.

### **Determination of Brain Death**

Dr. David George, a neurologist in his second year of fellowship training with the University of Texas Health Science Center in the Texas Medical Center was called to evaluate Roy's condition.

A radio-isotope scan had revealed that Roy's brain function had ceased and he was pronounced brain dead, an irreversible consequence of his brain tumor.

Before informing the family, Dr. George called in Joe Sharp, a paramedic, and Organ Donor Coordinator with Life Gift, the regional organ procurement organization in Houston. After consulting with the Life Gift medical directors, Roy had been approved for potential organ donation.

The hardest decision of Karen's life was approaching fast.

### **Consent**

Karen and Roy's three daughters, Elizabeth, Jennifer and Melissa, were called into a meeting with Dr. George and Joe Sharp. Emotions were running high as Karen had known what the doctors were there to say. Just a few hours earlier, Roy was a father of three girls and a loving husband to Karen.

Dr. George told Karen that Roy's condition was not curable and that Roy was brain dead. After a brief period of mourning, Life Gift coordinator Joe Sharp approached Roy's wife to ask if he and Karen had ever considered organ donation. Karen remembered Roy's intention to donate his organs and tissues if the need ever arose.

After a short discussion with the children, Karen felt that organ donation was the best way to continue Roy's spirit. Karen signed the paperwork and went to see Roy's body one last time before she left the Hospital.

Although Roy looked alive and warm, Karen knew then that she would never talk to Roy again.

### THINGS TO SEE AND DO AROUND INDIANA STATE PARKS

Indiana is home to one of the oldest and best State Park systems in the country. In 1996 we celebrated our 80<sup>th</sup> anniversary as we added Chalestown and Fort Harrison State Parks to the family of Brown County State Park near Nashville; McCormick's Creek State Park near Spencer; Clifty Falls State Park near Madison; Turkey Run State Park near Marshall; Spring Mill State Park near Mitchell and Pokagon State Park near Angola.

Every state park is unique. Explore our caves, canyons, waterfalls, dunes, fossil beds, Indian mounds, a working grist mill and pioneer village. You'll find beautiful scenery, well planned facilities and a staff eager to make your visit memorable.

At the State Park Inns you'll find more than 600 comfortable, affordable guest rooms, full service dining, and a staff attuned to making your visit 'hassle-free' so you can concentrate on relaxing and enjoying Indiana's Natural Treasures!

# CANAVERAL SQUARES NOVEMBER

Rockledge – Hello everyone! With deep sadness, we report the death of Vida Kaczmarek on September 25th. Vida and husband, Dick, were Presidents for three terms of the Sun Dancers in Titusville and members of our club and the Central Florida Square and Round Dancers Association, Inc. Along with Dick, her husband of 51 years, she had inspired and promoted round and square dancing for many years (in Florida since 1981). We feel so fortunate to have known this charming lady whom we had many delightful evenings in her company. Our past president and present treasurer, Sharon Calvert, was one of many to share memories with us, about Vida, at her memorial service, September 29th. Sharon was inspired by Vida to apply fresh courage to pursue new challenges after her divorce-she took it to heart and now Sharon is dancing in many a hall and forging new trails. Cecil Faulk, our president spoke for us all when he said, "Vida will be sorely missed".

It was great to chat and demonstrate our square dancing skills for our friends at Asbury Arms Apartments in Cocoa, on September 19th, as part of their ice cream social. Our own Fran Kyser is enjoying this retirement community after dancing with us for many years at McLarty Park Recreation Center. We had a nice turnout and everyone enjoyed entertaining them. Some of the ladies were commenting about what a sweet couple Jennifer and Skip Cleland make as they sang all the tunes most loved by these retirees.

John Saunders and his lovely wife Linda were refreshed, after their trip to Europe, and ready to give us a great night of dancing pleasure, Saturday evening, October 10th, at the Allemanders dance. John Saunders was full of new jokes and some challenging new approaches to apply to our plus dance moves. We sure enjoyed our caller, Skip Cleland and his lovely wife, Jennifer coming along to help retrieve our banner. Sensing their energized mood, John let them take to the stage for a tip. Jennifer stayed on stage to sing background to her favorite round dance number as Vince Furtado cued for us. John and Linda took to the floor for that dance. We often wonder if Vince rests up after his special performances for us on Friday night, but now we know he gives his all again Saturday night in Satellite Beach. It must be his love for round dancing that makes him sing away, so consistently. Thanks Allemanders, for the delicious spread and lovely dance night out.

Asa Clark and Rosalie Turner, reported that our raid, of October 6th, gave us another opportunity to socialize with both old and new friends while enjoying an evening in the town of Kissimmee with its "old-timer's aura". The pleasant evening added to the enjoyment we all had, as callers Jean and Don Gaskins and cuers Jan and Pete Shankle, sang out some favorites for the Buckles & Bows. Thanks again for the welcome, Buckles & Bows.

Skip Cleland, our caller along with our Class Coordinators, Jim and Jane Hart, want to let you know the class seems thrilled with their progress in Basic, under Skip's guidance. Basic techniques and guidelines have been modified over the years thus our angels are getting their brush-up course at the same time.

Encourage and support the following on our prayer and card list: Our Vice-President, Lynn Littrell, Marvel Jenkins, Russ Isenbletter, Asa Clark and Wanda Irwin. Also, it's great to hear Phyllis Garipey's hip surgery went so well! Phyllis will be chatting with us while her husband, Chris dances without her for awhile.

## LOOKING AHEAD-SPECIAL DANCES: HOLIDAY WEEK-END, NO DANCE, November 27th.

October 30th, our Halloween Dance is a chance for you to be creative if that's your thing-Go For It-or just come in your square dancing attire. Tickets for the Thanksgiving Dinner & Dance Friday, November 13th are quickly going. Come in or call before they are gone. Door prizes and a Happy Thanksgiving hall will be ready to greet our friends. Our caller and cuer, Skip Cleland and Vince Furtado are lining up a great evening of favorites for this Down-home Dinner Festival. December 4th, our Deck the Tree Dance, is to aid the anticipation of the holidays for the Washington Square Home (W.S.H.)-an ornament is appreciated. Then on December 11th, at our Christmas Angel Dance we'll be adding gifts under their tree-Admission is a gift for the mentally and physically challenged adults, in Titusville. For suggested gifts see our flyer or call Mary Duedall, 407-676-1810.

You are always welcome to join in as an "Angel" for our basic square dance class before our Friday night dance. Come and join us. Iver and Mary Duedall, Secretary Team

### Coordinator Takes Charge.

Roy's pertinent information was entered into the national waiting list as a donor of kidneys, heart, lungs, liver, pancreas, and small intestine. His blood type, weight and human leukocyte antigen factor, HLA, was taken into consideration along with the geographic location of the hospital where Roy's body was being cared for.

From there, the United Network for Organ Sharing, (the governing body that holds the contract for placing and allocating organs for transplantation in the United States), computer database was cross matched with the blood type, weight, HLA, and location and produced a list of potential recipients for Roy's organs. From there, the donation coordinator managed Roy's heartbeat and blood pressure to keep his organs from deteriorating.

The list produced by UNOS distributed the organs as follows:

Heart	Locally to a 45 year old man in Houston suffering from a weak heart
Lungs	In Texas to a teenage boy suffering from cystic fibrosis
Left Kidney	Locally to a 32 year old man suffering from end-stage renal disease.
Pancreas and Right Kidney	To a 14 year old girl suffering from type II diabetes. She is a 6 antigen match, a near perfect recipient for this set of organs.
Small Intestine	To a patient in Nebraska afflicted with poor intestinal motility

Joe contacted all the regional organ procurement coordinators that in turn talked to their physicians and surgeons that oversee the care of the potential recipients. All the physicians accepted the condition of the donor. Coordinators from the cities planned for transportation to bring the potential recipients into the hospitals.

### The Organ and Tissue Recovery

Upon arrival at the airport, ambulances took the organ recovery teams to Hermann Hospital where Roy's body was taken to surgery. During the entire process, Roy's body was handled with the dignity and care that any person undergoing surgery is afforded. He is draped and prepared for a standard surgical procedure.

Upon removal and preservation of the organs, the machines that had kept Roy's body alive were removed. Roy then progressed to biological death.

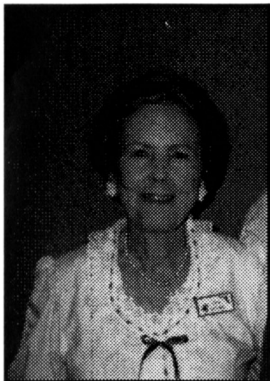

Tissue recovery teams picked up where the organ teams left off. Tissue Recovery Coordinators removed Roy's corneas for transplantation.

Skin and bone was recovered for transplantation into persons suffering from burns and orthopedic injuries.

These same procedures were undertaken the same as a standard surgical procedure.

Here at Thanksgiving time, what better way to share and to honor the season than to sign an ORGAN DONATION FORM. The Living Bank Account has been saving lives for 30 years. This is your chance to save a life. Linda and I have a friend that is alive today because someone had a heart to give him.

## NOVEMBER PALM BAY PROMENADERS

**VONA BROWN**

Hello once again from the Palm Bay Promenaders. Gee, I have entered the Cyber Age of Technology. I bought a computer. If I had known it could be so much fun, I would have bought one a long time ago. I have been learning through experimenting and always finding something new. Anyway it is a tremendous help in doing my reports, especially correcting my mistakes.

A BIG WELCOME to our new members: TOM MONFORTE, JEFF JOHNSON and DOSSY LAW. WELCOME ABOARD.

Promenaders Special Dance for November --Home Coming (Anniversary) Dance Nov. 19. Christmas Dance -- December 17. This will be a festive affair. Please bring finger food.

Remember our Square Dancing class which is held each Thursday from 6:30-8:00 PM. Those who are able to do so, please come and be an Angel and make these students feel more welcome and make it more fun with more dancers in a square.

Wayne Guice & Bev Landwehr's Round Dance classes are held here at THE BARN each Wednesday. Beginners class 2-3:30 PM. Phase 2 & 3 workshop - 4:00-5:30 PM. (Learn new Dances). Phase 3 & 4 Dance 8:00-10:00 PM (with Teach).

Attention Round Dancers: There will be a Round Dance Party on Nov. 28 from 7-10:00 PM here at THE BARN. Refreshments provided. ## WAGON WHEELS

**Carol & Royce  
Arter**

It's been a busy summer and I know we are all ready and eager to welcome back the snowbirds and start enjoying the weather we love so much in Florida. It's been a hard summer for some, and we certainly hope never to have the tragedies that this summer and fall brought to some.

Wagon Wheels were busy in the early fall, starting with a pizza night in early September followed by a demonstration at the Osceola Mall recruiting for new dancers. Our Open House on September 11 started the fall classes, and, with the Angels, we had a nice crowd there. Then on the 18th we had a Sock Hop which certainly brought back memories! On the 21st we trundled over to the Barn to dance with the Yellow Rockers.

In October our annual Club/Class picnic was held at Narcoossee Park again. What fun that was! Theme for our special dance that month was Hobo Stew - ummm, good.

Ribbons are now on sale for the New Year's Eve dance which will be held at the Senior Center on December 31. Skip Smith will be our caller this year, with Wayne Guice doing the cuing. Tickets are \$20 per couple and that includes dinner.

Royce and Carol Arter, Secretaries

Linda and I are the Sew and Save chairman for the 1999 State Convention and we are looking for folks to help on this project. We need all sort of talent. We need greeters, decorators, models, demonstrators and stuff I don't even know about. If you would like to be part of the 99 convention, please contact Linda Lutz. We need a good number of workers for this project. We hope that many of you will find time to help us. The SEW & SAVE clinic will have a complete hall for us to utilize.

*(Continued from page 11)*

12, the Allemanders are coming to the Promenaders to Retrieve their Banner. Let's give Hilda our full support on these Raids, besides it's always fun visiting other clubs.

Update on our shut-ins: Jerry Radliff had surgery on Oct. 7. He is doing very well and hope to be back on the dance floor soon. We miss Jerry and Jane when they are absent. GEORGE WOODRUFF recently had another seizure, but the Dr. made an adjustment in his medication and he is doing much better. He attends Easter Seals each week for exercise and is doing some Painting. Hannalore has promised to bring some of his painting by for us to see. PAT LUDWICK has been under the weather recently trying to get her medication adjusted to keep her Blood Pressure under control. JOSEFINA MORENO is improving from her 8 month bout with shingles, but she is still having pain. She says "hello" to everyone.

Nov. 26 THANKSGIVING DAY. Before you start on all that Turkey and trimmings, let's all reflect on all the Blessings that God has bestowed on each one of us, and give THANKS.

do become interested in lessons, we will all gain even more. If they do not join lessons we will still gain by bringing the joy of square dancing to many more people. If we work together we can make a difference. These dances are a way to introduce your friends to square dancing without any need for a long term commitment on their part.

Think about it; if we all brought just one couple we would double the number of people who have experienced the joys of this wonderful activity. We hope to see you on Wednesday, November 11 at The Barn and at future dances.

We will see ya in a square, sometime! Keep dancing' and SMILE!!!!

One of the key words here is to BRING someone with you. We have flyers available that can be placed in community centers, restaurants, retirement communities and any place you can get the flyers placed. The callers of the East Coast are supporting this endeavor and ask for your support.

A special \$50.00 drawing will be held at the November 11th dance. Food, ice cream and beverages will be provided. A fun event is planned. OPL

# FROM THE BARN KITCHEN

## BAKED LEMON CHICKEN WITH LIGHT MUSHROOM SAUCE

4	boneless skinless chicken breasts
1 tbsp	extra virgin olive oil
2	lemons
1/2 stick	butter
3 cups	chopped mushrooms
2 cans	chicken broth
2 tbsp	flour
1 tsp	tarragon
	parsley
	salt and freshly ground pepper

Coat chicken breasts with olive oil and squeeze the juice of one lemon over them. Season with salt and pepper and place 1 to 2 slices of lemon on each breast.

Bake in 350 degree oven for approximately 30-40 minutes or until juices run clear.

While chicken is baking, melt half a stick of butter in a medium skillet. Add 3 cups of chopped mushrooms and one teaspoon of tarragon. Lightly sauté until the mushrooms are tender and golden brown in color, about 6 minutes.

Stir flour completely into the mushroom mixture. Slowly add chicken broth and continue stirring, gradually increasing heat. Gently boil until mixture reduces to form a thick, creamy sauce. Approximately 10 minutes

Add juice from half a lemon into sauce.

Spoon sauce over breast and garnish with a sprig of parsley.

## **BAREFOOT BAY TWIRLERS**

After a summer of dancing Plus/anything goes, each week the Twirlers are back to their regular Monday Night Dancing.

The Barefoot Bay Twirlers held their first fall meeting October, 5th 1998. A number of members have returned from their vacations and were welcomed back.

Our President, Gus Dubois is hospitalized for the second time in as many months for colon cancer. We are very concerned and wish him a speedy recovery.

In his absence Vivian Richmond, our Vice President, conducted the meeting. The main order of business was the Welcome Home Dinner and Dance the Twirlers and Spinners will hold jointly on November 9th at our regular Monday night dance at 6 PM. Boston chicken and all the fixin's are on the menu. Tickets will sell for \$8.50 each.

Our faithful Sue and Tom Pope will continue to be in charge of setting up a schedule for Kitchen Duty for the next month until we can assign, or have volunteers to take over that chore. Sue's system of assigning one couple for each month with four different couples helping them each week worked so well last year that we plan to continue using her system.

Plans are in the works to have a Plus Class meet at building A for lessons before our regular Monday evening dance under Dale McClary's tutelage.

Contacts with guest callers will be made soon to arrange to have them call after the first of the year, 1999. We hope to have one each month.

The Spinners have invited us to come to their Halloween Costume Party on October 29.

A surprise visit by Otis and Linda Lutz at our meeting October 5th was enjoyed by everyone present. The Lutz's came to spread the word about the 99 State Convention to be held in Lakeland over the Memorial Day Week-end. They came in the official '99 Mardi Gras Convention dress. A very colorful dress it is.

## **45th Florida Convention Plans for Your Enjoyment**

The Staff of "Mardi Gras Time In '99" is working overtime in order to present a 'truly' Fun Time Convention for each and everyone attending.

In addition to a full program of dance levels, there will be a 'National level' type Sew and Save, with 'live' television transmissions, monitors, 'hands-on' presentations, crafts, arts, prizes and yes, even a special 'stag-room', with entertainment, for those 'long-suffering' male counterparts. There will be a Mardi Gras Fashion and Floor Show, which is sure to entertain and capture the admiration of the most 'case-hardened' anti Fashion Show person. This one promises to fulfill the adage of "Time Well Spent"!

Vendors have already 'reserved' their booths and a 'full' compliment of Square and Round Dance attire will be displayed and ready for your shopping pleasures.

Dancing was mentioned. We-I-I how does this 'line-up' strike your fancy?

At this time a Hall is planned for All PLUS Singing Calls, with Country/Western and Line Dancing between tips. Another Hall will feature the full PLUS Program with Rounds between tips. There will be a full-time Round Dance Hall, with a special Introduction of Rounds Hall offered on Saturday morn. One Hall will be dedicated full-time to those who CONTRA Dance. Halls for Advance One and Two, together with a Hall for our CHALLENGE Dancers (each in separate Halls). A special YOUTH Hall and a special Hall for the Handicapable will be available. The BASIC and MAIN-STREAM Halls will operate throughout the Convention. On Saturday morning there are Intro (teaches) to ALL LEVELS with a dedicated Hall for Country-Western and Line Dancing Teach. Friday evening will feature a SINGLES Hall with a full program of activities.

Much, much more is in the 'planning stages' by the Convention Staff, and the promise is .....You're Going To Have lots and lots of FUN during

## GRAND SQUARES

The Grand Squares are in need of a new class! This is a club that will afford those wanting to square dance without the need for long lessons or needing to dance every week to keep proficient in the many movements of Plus dancing, an opportunity to partake in this great activity. We are preparing for a new class to start on November 17th. This is the first Monday after the first Community Dance sponsored by the East Coast Callers Association.

If you have friends returning from the North or have local folks you know that would like to participate in this activity, please tell them about the dancing for them to start on November 17th.

We currently have a square that are brushing up on their Mainstream movements while learning the Plus calls. We meet at 7:30 to 9:30 for this group on Tuesday at THE BARN.

---

## YELLOW ROCKERS

The Yellow Rockers continue with their class on Mondays at 6:30 under the able direction of Jerry and Del Reed. There are over 2 squares of new dancers and with the support of the Yellow Rockers club dancers, there are four squares on the floor for the lessons. This is not just a learning experience as Jerry has them all dancing to both hash and singing calls throughout the 6:30 to 8:00 dance.

The Yellow Rockers are fortunate to have excellent leadership at all levels of their organization. The new officers slate is filling up nicely and a continuation of leadership is expected.

The Yellow Rockers had their Picnic at a private park on Heild Road on Oct. 10th and a good time was had by all. As usual, the food and fellowship was great. The new class was invited to attend and we appreciate those who came and joined us.

The snowbirds are returning and we welcome them all back with open arms (YELLOW ROCKS)! It is nice to see the hall filling up one again.

We wish all that are having birthdays and anniversaries this month a really great day and many more of them.

Many special dances are planned for the remainder of the year as well as many raids to area clubs. We will certainly enjoy visiting you and invite you to our dances, and especially, our special dances held at THE BARN. Many happy tips and rounds to all of you.

# WORD STUDY OF THE WORD

## THANKSGIVING

This is the month we celebrate THANKSGIVING. I think the word has been accepted as a single word. We seem to forget that this is the time we set aside for THANKS GIVING. There is a difference. In one case the word is a noun. In the true meaning and what the day was set aside for, it is an action expression. A time we set aside to be thankful for the blessings God has given us and to give Him the thanks.

The word "THANKSGIVING" is used 28 times in the Bible. The word thanks, thank-offering, and thankful all have the same root as Thanksgiving. We will look at Ephesians 5: 1-12

BECOME then, followers of God, as children beloved and walk in love, as also the Christ did love us, and did give himself for us, on offering and a sacrifice to God for an odour of a sweet smell, and whoredom, and all uncleanness, or covetousness, let it not even be named among you, as becometh saints; also filthiness, and foolish talking, or jesting, --the things not fit--but rather **thanksgiving**; for this ye know, that every whoremonger, or unclean, or covetous person, who is an idolater, hath no inheritance in the reign of the Christ and God. Let no one deceive you with vain words, for because of these things cometh the anger of God upon the sons of the disobedience, become not, then, partakers with them, for ye were once darkness, and now light in The Lord; as children of light walk ye, for the fruit of the Spirit is in all goodness, and righteousness, and truth, proving what is well-pleasing to the Lord, and have no fellowship with the unfruitful works of the darkness and rather even convict, for the things in secret done by them it is a shame even to speak of.

What a contrast we are presented with here. All the "bad" things that we are exposed to each and every day of our lives are listed. With the continuing coverage of the "Clinton" impeachment hearings, we will be exposed to even more of these things. We must be quick to note that we are not to even have these things named among us. But, there is more! Foolish talking and jesting. Jest is only used once in the Bible. It means witticism (in a vulgar sense), a joke! Isn't it amazing how we can be led into something bad by making a joke of what has happened. I know the world is full of "jokes" about Clinton! The night time comedies is almost exclusively given to this affair. Maybe we blunt the negative impact and the seriousness of the event by bringing it down to jesting! Perhaps it dulls the senses and we "learn" to accept deviant behavior! What a shame to let the things that make God angry become things that we joke about!

It is so thought provoking that all these things are contrasted by one word –  
**THANKSGIVING!**

Thanksgiving means to be grateful and to show gratitude to God. It is a time to give praise.

**thanks-giv-ing** (th<sup>2</sup>ngks-g<sup>1</sup>v<sup>1</sup>ng) *n.* 1. An act of giving thanks; an expression of gratitude, especially to God: *a hymn of thanksgiving.* 2. **Thanksgiving.** Thanksgiving Day. (From the American Heritage Dictionary)

Are we thankful to God for what he has provided this last year? Think of the many friends we have. Would not life be much diminished if we had no friends? How about our health? Do we thank God for the wonderful health He has given us? Many of us are getting to the age where our health is not so great. Should we not thank God for the time He has given us and the grace to accept the "old age" infirmities? Remember, we do not have eternal life now! It is a gift that God has saved for the Kingdom.

Many of us will have a house full of family and friends visiting us for the holidays. We will sit at a feast that has been prepared for us and, maybe, neglect to give thanks to God for the feast He has given us and for the feast He is even now preparing for us. We can not even begin to imagine what He has in store for us and the wonders we will behold when we cross over from here to the Kingdom! If we can not be thankful for what He has already done, how will we ever be thankful for what we are to behold in a short time. Remember, our life here on earth is but a twinkle of the eye. It is nothing compared to the eternity that awaits us. Is this not reason to be thankful? We ought not fear death, we should welcome it. Death is not a problem for those who pass from this life into the Kingdom, it is a problem for those of us who must wait for our passage. We miss those who have gone before us and we miss their fellowship, companionship and their presence in our daily activities. We in square dancing feel the absence of our friends more than, perhaps, others do, as they are such an active part of our lives. We surely miss them, we miss those whose health no longer permits them to be with us. We should remember them for the good times. We must be thankful that we had them while we did. We should remember that each and everyone of us will have the same fate happen to us.

As we join together in thankfulness during this season, let's meet each other in friendship and encourage each other in love. Make each and every moment that we are given together be part of a joyous memory.

Happy Holidays to all. Otis and Linda Lutz

A special prayer for Dick Kaczmarek in the loss of his wonderful wife Vida.

# COMPUTERS

This month I want to look at the INTERNET. This is not a complete thesis on the Internet, it is basically information on getting on the Internet and downloading files and information to your computer.

There are many computer users that think you must be signed up for either AOL or MSN to use the Internet. This is not true and that belief can cost you extra dollars every month. All you have to do is select your own ISP (Internet Service Provider) and then use a BROWSER like NETSCAPE or INTERNET EXPLORER. Both the Internet Explorer from Microsoft and Netscape from Netscape are FREE. They do not cost you a dime to buy and they do not cost you a dime to use. The only cost you have from using the Internet is your ISP. America Online is also an ISP as well as a browser. I have found that AOL is easy to install, easy to use and very prone to say "goodbye" when you least want it to. It is also far more expensive than using a local ISP.

The only advantage to using MSN, AOL, Prodigy, or any national ISP is that you can connect via a local telephone line almost anywhere in the USA. With your local ISP, you can only connect from the local line. If you do a lot of travelling and want to use the internet, than you may want to opt for a national ISP. I only worry about E-Mail as I travel and I have the free national service from JUNO. JUNO is basically an E-Mail service. It now offers internet connections but again is more expensive than the local ISP you can connect with.

I use NET4U.NET out of Palm Bay and have had excellent results. Its rate of \$15.00 per month on a 6 month plan is very reasonable. It provides for unlimited usage and gives excellent mail service. The name of the owner there is Shrikant C. Raval and his number is 951-1800. He will also download to your system the NETSCAPE NAVIGATOR and instruct you on how to set up your system. There are many others around that I have heard excellent reports on. The Yellow Pages list many.

Here are some of the things you need to set up an Internet Account:

- 1 TIME – You will spend a lot of time on the internet
- 2 MONEY – You will need the ISP costs ~ 15 – 25 per month
- 3 USERNAME – select a name that you can remember and is descriptive.
- 4 PASSWORD – Select a password that only you know. DO NOT USE SS# or house number or anything someone could try.
- 5 BROWSER – What browser you want to use. You can use more than one. They are free as of this date. I have used Podigy, AOL, IE4.0 and Netscape. The one I am currently using is Netscape. The trade publica-

*(Continued on page 31)*

*(Continued from page 30)*

one. They are free as of this date. I have used Podigy, AOL, IE4.0 and Netscape. The one I am currently using is Netscape. The trade publications give IE 4.0 the top scores. I do use it on the notebook as it installs automatically with Windows 98. I did not want to use more of the hard drive for browsers so I use IE 4.0.

Now, once you are online you will surely want to download some of the great free stuff they have on the Internet. For example, the manufacturers of your hardware are constantly upgrading their drivers. You can download these files and increase the capabilities of your system. Whatever your interest, there are thousands of articles you can download.

Downloading is very easy. The instructions you get from the WEB site are very clear. What is not clear is where your material you request will be stored on your hard drive. Windows 98 makes it very easy for you to tell the computer where to store information. There is also the FIND option from the START ICON that enables you to find any file on your hard drive. Here the problem is that you must know the name of the file you are looking for. Many times the file you are downloading is not a name you will remember. Once the file has completed its transfer to your computer, all information of the file name and where it was stored is gone from the screen.

You can easily remedy the storage location problem by creating a special folder to store all downloaded files. I have a folder on my removable hard drive that I call DOWNLOAD. I always direct incoming files to be stored there. It also gives me one more layer of protection from destructive files from the internet. When I select "SAVE TO DISK" on the download option from the internet, I tell it to save it to the DOWNLOAD folder and I give it a meaningful name. You do not have to, nor should you, accept the default options. Your drive is huge and contains thousands of files and folders. You do not want to be looking for something on it. You also do not want to be downloading again when you can not find the desired file. It takes time and uses your drive space needlessly.

Normally the files you download are self extracting. That means that all you need to do is double click (single click if you have Windows 98 and have it set up as a WEB PAGE.). The received file will then execute and do the necessary functions. It may install a program or upgrade a file. It may also attach itself to a program. Normally it all happens automatically. An example of this is the AOL Instant Messenger that you can download from AOL. You do not need to be an AOL member to use the great service.

You can delete the downloaded file after you have used it to upgrade or to install a new option on your computer. Do not save files once they have been executed. You will have too many useless files on your hard drive.
