

Cue Sheets by Judy Barnhill

Hello July and warm weather! I found this song on Roundalab this morning and just had to share it with everyone. The artist for "Lonesome 7-7203" is Harold "Hawkshaw" Hawkins who was a member of the Grand Ole Opry, and married to country singer Jean Shepard. Hawkins died in a plane crash along with Patsy Cline and Cowboy Copas in March of 1963. He was 6'5" and a war hero winning 4 battle stars during his 15 months of combat during WWII. Since July is a patriotic month, I wanted to share some trivia on an artist that served in the military. We celebrate our great nation because of hero's like Hawkshaw Hawkins. I bought the music on iTunes but it is also available on Amazon. This dance is among many in the Round of the 3rd Quarter choices. Enjoy this fun two step!
